**Field Manuals** United States. War Department,1961      *Technical Manual* United States. War Department,1940  
*Michigan Manual* ,1993      **Prison Worlds** Didier Fassin,2016-11-02 The prison is a recent invention hardly more than two centuries old yet it has become the universal system of punishment How can we understand the place that the correctional system occupies in contemporary societies What are the experiences of those who are incarcerated as well as those who work there To answer these questions Didier Fassin conducted a four year long study in a French short stay prison following inmates from their trial to their release He shows how the widespread use of imprisonment has reinforced social and racial inequalities and how advances in civil rights clash with the rationales and practices used to maintain security and order He also analyzes the concerns and compromises of the correctional staff the hardships and resistance of the inmates and the ways in which life on the inside intersects with life on the outside In the end the carceral condition appears to be irreducible to other forms of penalty both because of the chain of privations it entails and because of the experience of meaninglessness it comprises Examined through ethnographic lenses prison worlds are thus both a reflection of society and its mirror At a time when many countries have begun to realize the impasse of mass incarceration and question the consequences of the punitive turn this book will provide empirical and theoretical tools to reflect on the meaning of punishment in contemporary societies      Punch Mark Lemon, Henry Mayhew, Tom Taylor, Shirley Brooks, Francis Cowley Burnand, Owen Seaman,1877      *Political Imprisonment and the Irish, 1912-1921* William Murphy,2016-04-14 For a revolutionary generation of Irishmen and Irishwomen including suffragettes labour activists and nationalists imprisonment became a common experience In the years 1912 1921 thousands were arrested and held in civil prisons or in internment camps in Ireland and Britain The state s intent was to repress dissent but instead the prisons and camps became a focus of radical challenge to the legitimacy and durability of the status quo Some of these prisons and prisoners are famous Terence MacSwiney and Thomas Ashe occupy a central position in the prison martyrology of Irish republican culture and Kilmainham Gaol has become one of the most popular tourist sites in Dublin In spite of this a comprehensive history of political imprisonment focused on these years does not exist In *Imprisonment and the Irish 1912 1921* William Murphy attempts to provide such a history He seeks to detail what it was like to be a political prisoner how it smelled tasted and felt More than that the volume demonstrates that understanding political imprisonment of this period is one of the keys to understanding the Irish revolution Murphy argues that the politics of imprisonment and the prison conflicts analysed here reflected and affected the rhythms of the revolution and this volume not only reconstructs and assesses the various experiences and actions of the prisoners but those of their families communities and political movements as well as the attitudes and reactions of the state and those charged with managing the prisoners      **The Army Corrections System** United States.
