*Cooperative Learning and the Collaborative School* Ronald S. Brandt, 1991 Cooperation in the classroom counteracts well established routines and values that nearly all adults and many educators take for granted Education remains a fiercely competitive enterprise and individualistic notions of professionalism predominate Despite the continued importance of independence initiative and personal achievement today's schools are experimenting with consideration sharing collegiality and commitment to group goals This volume contains readings from recent editions of Educational

Leadership on cooperative learning and collaborative schools beginning with Robert Slavin's introduction and Ronald Brandt's insistence that cooperation is not un-American. The articles in the second section discuss various cooperative learning models including Team Assisted Individuation, Cooperative Integrated Reading and Composition, and Group Investigation. The third section is devoted to implementation of cooperative learning and the fourth section highlights the idea of schools as caring communities developed through group work. The sixth section provides ideas on how to get started and the seventh section summarizes controversies among various researchers. The final section presents articles on the collaborative school focusing on developing teacher collegiality, cooperative professional development, and school improvement efforts. The volume ends with an extensive annotated bibliography divided into nine parts.

**MLH      *Student Team Learning*** Robert E. Slavin, 1991. This guide describes five types of student team cooperative learning activities: 1. Student Teams Achievement Divisions, 2. Teams Games Tournament, 3. Jigsaw, 4. Team Accelerated Instruction, and 5. Cooperative Integrated Reading and Composition. In Part 1, each technique is described in detail. A review of research finds positive outcomes in the areas of student achievement, integration, mainstreaming, and self-esteem. A practical guide for teachers covers ways to choose a method, assign students to teams, and prepare materials. The recognition of team accomplishments and individual achievement is discussed. Also provided in Part 1 are samples of materials such as team summary sheets, game score sheets, tournament table, assignment sheets, and final team products. Appended to Part 1 are related materials for the teacher's use. Part 2 includes views and research in the area of student team and cooperative learning. The issue of whether cooperative learning will be used in the future is discussed. Other issues considered include cooperative learning and the gifted child, tracking, and several cooperative learning models for particular subjects and grade levels. A synthesis of research on cooperative learning is provided. Appended are 97 references and 79 additional resources.

**GLR      *Cooperative Learning and Achievement*** Robert E. Slavin, Eric A. Hurley, Anne Chamberlain, 2001.      ***Cooperative Learning in the Social Studies Classroom*** Robert John Stahl, Ronald L. VanSickle, 1992. This bulletin provides a context for and an overview of cooperative learning, addressing concerns and answering questions teachers, supervisors, and parents may have about this group approach to teaching and learning in the social studies. The intention was to help social studies educators construct a sound conceptual foundation for cooperative learning while eliminating misconceptions. Nine chapters detail building an adequate introductory conceptual framework for envisioning cooperative learning as a viable alternative approach to teaching in the social studies classroom. The first chapter introduces the concept, philosophy, and practice of cooperative learning. The second chapter focuses on the classroom environment and classroom characteristics with and without cooperative learning groups. Chapters 3 and 4 contain reviews of the literature that address effects of cooperative learning in classroom settings. Chapter 5, 6, and 7 focus on classroom teachers. In these three chapters, teachers from first grade through secondary school discuss how cooperative learning has worked in their classrooms. They provide a unique perspective on how

one can make the transition from using traditional teaching methods to becoming a successful user of cooperative learning  
Practical ideas about how to implement cooperative learning in social studies classrooms are included as well as some  
historical context for group learning The final chapter features a dialogue of a group of teachers who are training to use  
cooperative learning A position statement on ability grouping is included DK [Integrating General and Special Education](#)
