On the Road to Cuastecomate John Osborn, 2011-08-08 Dear Reader enclosed you will find a set of short stories It includes actual events from the author's life and imagined events from the author's mind Fact and fiction so to speak As with most books except those heavy serious textbook tomes the tales tell of personal and interpersonal emotions and actions As the saying goes we are not alone Each and every one of us affects both each other and the world around us Moreover each and every one of us have talents and unlike the servant who buried his given talents under a stone the author believes that the sharing of talents can in fact may help someone or something somewhere Maybe consciously or unconsciously actively or unseen small or enormously each and every one of us has an opportunity to act We could all do our bits to the best of our ability the possible if you like while still striving for the dream We all have our own roads to Cuastecomate

Blue Moon Investigations: Case Files 10-12 Steve Higgs, 2019-10-25 The paranormal It's all nonsense but proving might just get them killed Delve into a world where supernatural crimes are investigated by two detectives standing alone to protect those that call on them In the brooding dark landscape of England with its rolling hills and forgotten castles the dark breeds evil in every shadow Or stupid some of them definitely just contain stupid With millions of pages read and thousands of books sold the Blue Moon paranormal investigation series will grip you from the start and rob you of sleep as you continue turning pages until well after your bedtime It is action packed but funny fast paced yet intriguing and there are 15 stories already written Get the third instalment of case files and 3 excitement filled stories in this omnibus edition and save a pile against buying them individually

Paws of the Yeti When he is called to investigate a Yeti attack in the French Alps Tempest Michaels is certain it will just be another fool in a costume He's going to solve the case in five minutes and spend a few days skiing Yay Guess again The mountain the locals and above all the Yeti have other plans in mind With the Dachshunds doing their best to avoid the cold and Big Ben distracted by the abundant snow bunnies on offer Tempest is in for a tougher test than he expected Under a Blue Moon The origin story Wonder how this all came about When a newspaper ad typo sends all manner of daft paranormal enquiries his way P I Tempest Michaels has no sense of the trouble and danger heading his way In no time at all he has multiple cases to investigate but it's all ridiculous nonsense like minor celebrity Richard Claythorn who believes he is being stalked by a werewolf and a shopkeeper in a nearby village with an invisible thief Night Work For Jane Butterworth the paranormal is just a day job She works as the assistant at the Blue Moon Investigation Agency a firm that specialises in cases that no one else will take cases that start at strange and unexplainable and tier rapidly south from there Bodies of dead cops have been showing up in nearby Biddenden Lake the site of an unexplained death three years ago Is there a link between
