Spike Island Michael Martin, 2012-01-31 The dominant star shaped fortress on Spike Island testifies to its strategic importance in the once heavily fortified bastion of British military might that was Cork Harbour Beneath and around this edifice however lies the story of an island steeped in extensive Irish heritage that stretches further back into the mists of Ireland's past beyond the arrival of the Normans and on through to the darkest period of Irish history From an island of ecclesiastical retreat and contemplation to a dark and godforsaken destination of victims of Ireland's Great Famine Spike Island has been a part of two contrasting periods in Irish history The era of saints and scholars during which Spike was described as a Holy Island is set against a later backdrop of famine disease and death and the dark judicial practice that saw men and boys transported from it to the penal colonies of distant Australia This book explores the island through these two very different environments from the founding of the monastery there by Saint Carthage to the use of the island as a place of detention punishment and undignified death From saints to starvation Spike Island embodies a part of the brightest a darkest legacy of Ireland's history

The Ballycotton Job Tom Mahon, 2022-04-12 A sensational affair carried out with great audacity New York Times An astonishing act of piracy the capture of the British war ship the Upnor changed the course of Ireland's Civil War Flawless in its planning and execution while Winston Churchill remarked on Irish genius for conspiracy a furious Michael Collins accused the British of deliberately arming his enemies Indeed it's highly likely that the bullet that killed him originated in the Upnor The Ballycotton Job brings this riveting story to life its cast of disparate characters and strands of adventure beautifully woven together This book sees events leading up to the capture as well as the consequences of the Upnor seizure discussed in detail Based on years of archival research it tells a unique story of both sides Irish and British The book's fast paced narrative is enlivened by dialogue and details obtained from interviews with participants Ireland teetered on the verge of civil war the IRA splitting into anti Treaty and pro Treaty stance Michael Collins and the Provisional Government on the pro Treaty side Cork's Sean O Hegarty the local anti Treaty IRA leader prevented Collins National Army from entering the city As the British evacuated soldiers and equipment back to England O Hegarty came up with a brilliant plan to capture the munitions en route Commandeering a tugboat from the Royal Navy base at Queenstown Cobh they sped out of the fortified harbour on a mission Simultaneously over eighty trucks and lorries were hijacked all across Cork leaving citizens mystified as to what was going on In a clever ruse the IRA squad captured arms ship Upnor bringing it into the small port of Ballycotton The village now under the control of IRA fighters witnessed the unloading of weaponry onto waiting lorries then driven off to secret arms dumps throughout Cork O Hegarty's men seized eighty tons

of arms subsequently distributed to southern IRA divisions during the Civil War This audacious act of piracy caused a sensation A field day for the newspapers The Irish Independent called it an amazing exploit The Times a clever and daring coup
