vitamins K and C but I need to let you know that vitamin C is quickly destroyed at high temperatures so the more you cook the cabbage the less chances you have to preserve its important vitamins when it comes to the cabbage soup Besides that you also need to know that another benefit of the cabbage soup is the fact that one cup of cabbage will provide you with almost 15% percent of your daily fiber needs Anyway you just need to get your own copy of the book today and start to discover all the nutritious tips and benefits of the cabbage soup delicacies that is also known to aid in the much desired weight lost goal most of us have without stress
