Messina, 2023-10-13 Private Censorship is about free speech and how corporations and social groups can interfere with it J P Messina asks and variously answers questions like what should we think when employees get fired for things they say When is it appropriate for social media firms to deplatform users and what does it mean for our democracy that those in charge of such decisions are often wealthy Silicon Valley executives Do search engines act as massive gatekeepers to information in troubling ways and how might they be constrained if so Messina argues that while there is much to worry about when it comes to these exercises of private power it would be a mistake to simply do away with them as some have suggested *Women who Censor* Ursula Owen, 1999 Examines the changing attitudes of feminist movements from the 1970s onwards especially with regards to the censorship of violence and pornography in various media In this edition Index steps into the fierce debate between women who do and women who don't approve of suppressive measures **Censorship in Fascist Italy, 1922-43** George Talbot, 2007-06-28 Censorship and Common Sense in Fascist Italy 1922-43 is the first comprehensive account of the diversity and complexity of censorship practices in Italy under the Fascist dictatorship By presenting archival material from the political police the Italian military the Prime Minister's press office and its subsequent incarnation the Ministry for Popular Culture it shows how practices of censorship were used to effect regime change to measure and to shape public opinion behavior and attitudes in the twenty years of Mussolini's dictatorship **What Happened to Burger's Daughter Or how South African Censorship Works** Nadine Gordimer, 1980 **Cinema Civil Rights** Ellen C.
