Chicago Manual Of Style Indexing:

Indexes The University of Chicago Press Editorial Staff, 2024-11-11 Indexing A Z from The Chicago Manual of Style the undisputed authority for style usage and grammar In this age of searchable text the need for an index made with human input is sometimes questioned But a good index can do what a plain search cannot It gathers all the substantive terms and subjects of the work sorts them alphabetically provides cross references to and from related terms and includes specific page numbers or other locators or for electronic formats direct links to the text This painstaking intellectual labor serves readers of any longer work whether it is searchable or not For searchable texts an index provides insurance against fruitless queries and unintended results In a word a good index makes the text more accessible Most book indexes must be assembled swiftly between the time page proofs are issued and the time they are returned to the typesetter usually about four weeks An author preparing their own index will have to proofread as well as index the work in that short time span This insightful chapter length booklet will guide both professionals and first time indexers in assembling an index that will do justice to both the book and the reader

Indexes University of Chicago Press Staff, 2010-10-15 This volume contains all the material from The Chicago Manual of Style 16th Edition that relates to indexes and the work of indexing Thoroughly updated to reflect current accepted practices it is an indispensable guide for anyone preparing an index

Indexes, 1993 This chapter from The Chicago Manual of Style 14th Edition is a brief guide for authors and professional indexers It covers the nuts and bolts of preparing an index from marking the page proofs to typing the index as well as the general principles involved It also addresses common indexing problems such as subentries punctuation and confusing names Along with the Manual this chapter has been thoroughly revised with the addition of numerous examples and an updated discussion of computer usage

Indexes University of Chicago Press Staff, 2007 For nearly one hundred years The Chicago Manual of Style has been the authoritative reference for writers editors and publishers Now in its fifteenth edition the Manual has been thoroughly revised and updated The chapter on indexing presented here has been reorganized streamlined and revised for the electronic age It provides examples and recommendations on style and method for professionals authors and others who prepare indexes for published works

Indexes University of Chicago. Press, 1969 **Indexing Books, Second Edition** Nancy C.

Mulvany, 2009-11-15 Since 1994 Nancy Mulvany's Indexing Books has been the gold standard for thousands of professional indexers editors and authors This long awaited second edition expanded and completely updated will be equally revered Like its predecessor this edition of Indexing Books offers comprehensive reliable treatment of indexing principles and practices relevant to authors and indexers alike In addition to practical advice the book presents a big picture perspective on the nature and purpose of indexes and their role in published works New to this edition are discussions of information overload and the role of the index open system versus closed system indexing electronic submission and display of indexes and trends in software development among other topics Mulvany is equally comfortable focusing on the nuts and bolts of indexing how

to determine what is indexable how to decide the depth of an index and how to work with publisher instructions and broadly surveying important sources of indexing guidelines such as The Chicago Manual of Style Sun Microsystems Oxford University Press NISO TR03 and ISO 999 Authors will appreciate Mulvany's in depth consideration of the costs and benefits of preparing one's own index versus hiring a professional while professional indexers will value Mulvany's insights into computer aided indexing Helpful appendixes include resources for indexers a worksheet for general index specifications and a bibliography of sources to consult for further information on a range of topics Indexing Books is both a practical guide and a manifesto about the vital role of the human crafted index in the Information Age As the standard indexing reference it belongs on the shelves of everyone involved in writing and publishing nonfiction books **Indexes**, 1982 **The Chicago Manual of Style: Indexes** University of Chicago.
