#### **Chick Lit And Postfeminism:**

Chick Lit and Postfeminism Stephanie Harzewski, 2011 The author offers a scholarly dissection of chick lit from a post feminist perspective She analyzes the novel Bridget Jones Diary and the HBO series Sex and the City while making parallels back to writings of Jane Austen and the Victorian novel in general She looks at what these works say about women in society and whether they are just an escape or a serious reflection of women s concerns The Cultural Politics of Chick Lit Heike Missler, 2016-11-03 Chick lit is the marketing label attributed to a surge of books published in the wake of Helen Fielding's Bridget Jones s Diary 1996 and Candace Bushnell s Sex and the City 1997 Branded by their pink or pastel coloured book covers chick lit novels have been a highly successful and ubiquitous product of women s popular culture since the late 1990s This study traces the evolution of chick lit not only as a genre of popular fiction but as a cultural phenomenon It complicates the genealogy of the texts by situating them firmly in the context of age old debates about female literary creation and by highlighting the dynamics of the popular fiction market Offering a convincing dissection of the formula which lies at the heart of chick lit as well as in depth analyses of a number of chick lit titles ranging from classic to more recent and edgier texts this book yields new insights into a relatively young field of academic study Its close readings provide astute assessments of chick lit's notoriously skewed representational politics especially with regard to sexuality and ethnicity which feed into current discussions about postfeminism Moreover the study makes a unique contribution to the scholarly debate of chick lit by including an analysis of the online fan communities the genre has fostered The Cultural Politics of Chick Lit weaves a sound methodological network drawing on reader response criticism feminist gender and gueer theory affect studies and whiteness studies This book is an accessible and engaging study for anyone interested in postfeminism and popular culture

Postfeminism in the 21st Century British Chick Lit Fiction Alina Ilief-Martinescu,2017 Interrogating Postfeminism Yvonne Tasker, Diane Negra, 2007-11-02 Feminist essays examining postfeminism in American and British popular culture Theorizing Ethnicity and Nationality in the Chick Lit Genre Erin Hurt, 2018-10-26 Scholars and readers alike need little help identifying the infamous Bridget Jones or Carrie Bradshaw While it is no stretch to say that these fictional characters are the most recognizable within the chic lit genre there are certainly many others that have helped define this body of work While previous research has focused primarily on white American chick lit Theorizing Ethnicity and Nationality in the Chick Lit Genre takes a wider look at the genre by exploring chick lit novels featuring protagonists from a variety of ethnic backgrounds set both within and outside of the US New Perspectives on Gender and Translation Eleonora Federici, José Santaemilia, 2021-11-30 This collection expands the body of research on the intersection of gender and translation to highlight perspectives across different countries in Europe showcasing developments in the field from its origins in the emergence of feminist translation in Quebec over the last thirty years Building off seminal work on feminist translation by scholars in Canada in the 1980s and 1990s the book explores the

evolution of the discipline in shifting translation practices and research across a range of European countries with a focus on underrepresented areas such as Malta Serbia and Poland The different chapters examine key developments such as the critical reframing of gender and identity the viewing of historical translation activity by women through the lens of ideological and political motivations and the analysis of socio political contexts where feminist or gender inspired translation has impacted translators practices. The volume looks concurrently at the European context and beyond it putting the spotlight on new voices in translation and gender research in the region but also encouraging transnational dialogues on key issues in the discipline pushing the field further into new directions This book will be of particular interest to scholars in translation studies gender studies and European literature Cupcakes, Pinterest, and Ladyporn Elana Levine.2015-09-30 Media expansion into the digital realm and the continuing segregation of users into niches has led to a proliferation of cultural products targeted to and consumed by women Though often dismissed as frivolous or excessively emotional feminized culture in reality offers compelling insights into the American experience of the early twenty first century Elana Levine brings together writings from feminist critics that chart the current terrain of feminized pop cultural production Analyzing everything from Fifty Shades of Grey to Pinterest to pregnancy apps contributors examine the economic technological representational and experiential dimensions of products and phenomena that speak to and about the feminine As these essays show the imperative of productivity currently permeating feminized pop culture has created a generation of texts that speak as much to women s roles as public and private workers as to an impulse for fantasy or escape Incisive and compelling Cupcakes Pinterest and Ladyporn sheds new light on contemporary women s engagement with an array of media forms in the context of postfeminist culture and neoliberalism **Muslim Textualities** Jean M. Kane, 2022-03-14 In the first decade of the twenty first century Muslim women writers located in Europe and American entered the cultural mainstream Literary and visual productions negotiated static visual emblems of Islam most prominently the veil They did so not by rejecting veiling practices but by adapting Muslim resources concepts and visual tradition to empowerment narratives in popular media Mainstream reception of their works has often overlooked or misread these negotiations Muslim Textualities argues for more flexible and capacious interpretation with particular attention to visibility as a metaphor for political agency and to knowledge of cultural contexts This provocative volume aims to articulate Muslim female agency through clear and accessible analysis of the theory and concepts driving the interpretation of these works Scholars interested in the working representations of Muslim women feminist subjectivities and the complexities of gender roles patriarchy and feminism will find this volume of particular interest Noir Affect Christopher Breu, Elizabeth A. Hatmaker, 2020-06-02 Noir Affect proposes a new understanding of noir as defined by negative affect This new understanding emphasizes that noir is first and foremost an affective disposition rather than a specific cycle of films or novels associated with a given time period or national tradition Instead the essays in Noir Affect trace noir s negativity as it

manifests in different national contexts from the United States to Mexico France and Japan and in a range of different media including films novels video games and manga The forms of affect associated with noir are resolutely negative These are narratives centered on loss sadness rage shame guilt regret anxiety humiliation resentment resistance and refusal Moreover noir often asks us to identify with those on the losing end of cultural narratives especially the criminal the lost the compromised the haunted the unlucky the cast aside and the erotically perverse including those whose greatest erotic attachment is to death Drawing on contemporary work in affect theory while also re orienting some of its core assumptions to address the resolutely negative affects narrated by noir Noir Affect is invested in thinking through the material bodily social and political economic impact of the various forms noir affect takes If much affect theory asks us to consider affect as a space of possibility and becoming Noir Affect asks us to consider affect as also a site of repetition dissolution redundancy unmaking and decay It also asks us to consider the way in which the affective dimensions of noir enable the staging of various forms of social antagonism including those associated with racial gendered sexual and economic inequality Featuring an Afterword by the celebrated noir scholar Paula Rabinowitz and essays by an array of leading scholars Noir Affect aims to fundamentally re orient our understanding of noir Contributors Alexander Dunst Sean Grattan Peter Hitchcock Justus Nieland Andrew Pepper Ignacio S nchez Prado Brian Rejack Pamela Thoma Kirin Wachter Grene Even a Blind Chick Sometimes Finds A Bargain.
