The Best of Boards Marci S. Thomas, Kim Strom-Gottfried, American Institute of Certified Public Accountants, 2016-11-07 Nonprofit organizations boards are justifiably passionate about their causes and eager to help their organizations. However, in today's increasingly regulated climate, board members who come from diverse backgrounds and may have little financial expertise can feel overwhelmed by the regulations that are their duty to follow. **The Best of Boards: Sound Governance and Leadership for Nonprofit Organizations** provides not-for-profit board members and financial managers with the essential fiduciary knowledge and indispensable leadership guidance that they need to meet the challenges of the current not-for-profit environment. This book contains financial and ethical guidance for real-life situations, practical leadership advice for novice and experienced board members, assistance for not-for-profit managers tasked with governance challenges, tools, checklists, and templates based on common sense management techniques. This publication will build ethically sound management knowledge in not-for-profit board members so that they can ensure the compliance and ultimately the success of their organization.

Extraordinary Board Leadership Douglas C. Eadie, 2009 Many nonprofits never take full advantage of their board members. **Extraordinary Board Leadership: The Keys to High Impact Governing** deals with an incredibly important topic: high impact governing, which is at the heart not only of a nonprofit's effectiveness but also the key to a positive, productive, and enduring board-CEO partnership. This text offers practical, hands-on guidance which is based on extensive real-life experience and can be put to immediate use. It goes beyond the old-fashioned policy governance approach in dealing with the board-CEO executive staff partnership. The second edition of this successful book presents a more precise definition of high impact governing. It recognizes that the collaborative enterprise of governing requires a close partnership between a high impact governing board and a truly board-savvy CEO, and it also discusses standing committees, one of the preeminent drivers of high impact governing in greater detail. The second edition also includes more case studies and new information aimed at public governing bodies as well as more tables and charts to accompany a fresh new text design. 2009, 190 pages.
