## **Children Lessons About Paul Running A Race:**

**Where Children Fly** Ann Stewart-Porter, 2008-07-28 Were you the one I saw at the mall with the T shirt WHO ARE THESE KIDS AND WHY ARE THEY CALLING ME DADDY Youre a dad or mom or a cross juggler or a grandparent or a teacher Youre looking at this book because you love a child or it just popped up I wrote this book because I love children I also wrote Where Children Fly because I wanted to be parentally inspiring Everyone says parenting is so important but many of us just pray we dont go insane trying to potty train or get through the teenage hormones We hardly consider what we do as inspirational So much of what we do in loving children is out of what we were given not what we really want them to be Parenting is a very overwhelming demanding work of the heart We finally feel weve got the knack of changing their diaper when those cute little mood swings begin We manage to get them to school and we find the issues changing whether we are ready or not After all are we really all that grown up ourselves Once in a while we look back to the way we were raised or around to our peers raising children and then up with a silent serious plea the heavens have heard before God help me You think you want a smart cute rich funny kind of child but all those things are well just opinions as a general rule Weve got beauty pagentry SAT rock stars and others to decipher our perspectives Theres really a great deal more to those of us who want children with respectable manners compassion vision and parental pride I see you looking at me saying I cant even get them to pick up their toys and Im suppose to create the next amazing humanitarian Before you walk away consider the possibility Not long ago my husband and I were at a local eatery In walked an elderly woman in an old brown coat followed by four stair step brothers maybe age ten to sixteen They found a table One helped Grandma with her coat and cane An older one brought her a plate As they flanked her sides and talked I noticed the youngest one took a bite then without missing a beat leaned over and cut her meat in bite size pieces We never saw a parent just Grandma and her grandsons I assumed because even if they werent sons they were GRAND indeed I wanted to tell them how proud I was of them but my tears would have scared them silly It was I am certain quite a natural thing for them to do I want to see generations of this kind of precious afterglow and so I have come to this writing I call INSPIRATIONAL PARENTING Inspiration comes first by example I know that seems obvious but believe me I counsel many a child who lost their way because there was no example Im not writing Where Children Fly as a course from my archives of perfection or from my trials and experiments I began to think about how inspiring God speaks of me and how it sets my standard for successful living I realized that maybe we had forgotten that just to live is holy to breathe is divinity to inspire is to create eternal beauty I hope this book will inspire you If you have by godly destiny been placed in the life of a child it is because you can make a difference in their life Its not about teaching children to do as much as it is teaching them to be God is a 24 7 inspirationally available parent Armed and amazing is my call to you who are weary Thinking of all this inspiration makes you wonder if Ive lost my mind and wasted your time I dont want to scare you but the best parents are real people who inspire others by the life they lead They are not always the

richest or poorest the well or ill the educated or not They are people who open their hearts wide and grow out of bounds I love children I love their stories I love to see them believe their Dad turned on the sun and Mom can make any boo boo better with a single kiss We forget how powerful inspiration can be We tend to think in the ordinary practical and t My Teaching Days and the Lessons I Learned John Fairbrother,2018-08-19 When John Fairbrother converted to Christianity in the 1970s his entire life changed Because of a spiritual revival and an enlightened heart that could love his Savior John's life change affected every aspect of his life including in the classroom and his methodology in classroom discipline grading habits and assembly material changed dramatically He adopted a new sense of boldness while instructing from teaching Old Testament prophets and miracles during school assemblies witnessing to students in his class who showed interest in his faith or merely loving his students as his own children John truly desired for his students to know and love his God as much as he did In My Teaching Days and the Lessons I Learned John shares deeply personal stories about his life and he also brings up interesting relevant questions about the education system in England Should corporal punishment be revisited Are we overmedicating our children or too quick to diagnose them with mental conditions Should all faiths and religions be taught in schools or just one John explores a variety of issues he personally faced while teaching throughout the decades and offers strong opinions informed by his belief in Christ Throughout his tenure John went through several administrations and befriended many colleagues who tried to dissuade him of his convictions but despite the overwhelming opposition the Lord still worked in dozens of his students lives and allowed John to continue to proclaim the work of his God in public education Several teachers face forms of persecution in the workplace even today but perhaps with the encouragement in My Teaching Days and the Lessons I Learned they can rely on Him for their daily strength John Fairbrother witnessed God work in unpredictable supernatural and powerful ways some of which are recorded in his writing The Lord is still working and to Him be all the glory **Honour of Kings - Bible 2 Print** Matthew Gerwitz,2014-08-21 An introductory Bible curriculum for 6 10 year olds concentrating on the New Testament It is the second in a series of six books that will complete the curriculum The books are designed to be used as parent guides there is no need for a separate book for each child Object Lessons for a Year (Object Lesson Series) David J.
