War Office, 1912     **A National Force** Peter Kasurak, 2013-11-01 Canadians consider the period between the Second World War and the unification of the armed services in 1968 as a golden age a time when their army dropped the shackles of its imperial past and emerged as a truly national peacekeeping force In this landmark book Peter Kasurak draws on recently declassified documents to show that this era was in fact clouded by the army's failure to loosen the grasp of British army culture produce its own doctrine and advise political leaders effectively The discrepancy between the army's goals and the Canadian state's aspirations as a peacemaker in the postwar world resulted in a series of civilian military crises that ended only when the scandal of the Somalia Affair in 1993 forced reform Kasurak offers an illuminating account of the organizational growing pains that wracked the Canada's army as it evolved into a force that could reflect the aspirations of both its country and military leadership     **National Service Library: Universal military training, by L. France the USA Italy Germany and Russia allows intriguing conclusions to be drawn about just how an essentially maritime power could compete with much larger and potentially more powerful continental rivals With contributions from an outstanding selection of military scholars this collection addresses fundamental questions about the intersection of military economic and diplomatic history that are as relevant today as they were during the height of Britain s imperial power It will prove essential reading not only for those with an interest in British military history but for anyone wishing to understand how power in all its multifaceted guises can be employed for national advantage on the international stage *Report on the State of the Militia of the Dominion of Canada* Canada. Delaney,2012-01-01 The five British and Canadian generals depicted in *Corps Commanders* were a surprisingly eclectic lot one a consummate actor one a quiet gentleman one a master bureaucrat one a brainy sort with little will and the last a brain with will to spare And yet they all fit readily into British Commonwealth armies and fought their corps in similar fashion All three Canadians controlled British formations and served under British army commanders and the two Britons worked for and led Canadians as well Such inter army adjustments were relatively simple because they all spoke the same language a common method for solving military problems and communicating solutions Like all senior commanders in the British Commonwealth they learned the language of the staff colleges at Camberley and Quetta and so did the staff officers that served them This allowed a gunner from Montreal to understand a guardsman from London with ease no small advantage when coordinating coalition battles involving tens of thousands of troops In probing how these corps commanders fought Douglas E Delaney has produced an invaluable study for anyone interested in coalition warfare interoperability or how men managed large formations in war **International Record of Medicine and General Practice Clinics** Frank Pierce Foster,1918 **Manual of garrison artillery 1887.
