**The Multiplayer Classroom** Lee Sheldon, 2020-03-09 Go beyond gamification's badges and leaderboards with the new edition of the book first published in 2011 that helped transform education. Going far beyond the first edition of *The Multiplayer Classroom* forthrightly examining what worked and what didn't over years of development here are the tools to design any structured learning experience as a game to engage your students, raise their grades and ensure their attendance. Suitable for use in the classroom or the boardroom, this book features a reader-friendly style that introduces game concepts and vocabulary in a logical way. Also included are case studies both past and present from others teaching in their own multiplayer classrooms around the world. You don't need any experience making games or even playing games to use this book. You don't even need a computer. Yet you will join many hundreds of educators who have learned how to create multiplayer games for any age on any subject. Lee Sheldon began his writing career in television as a writer/producer eventually writing more than 200 shows ranging from *Charlie's Angels* writer to *Edge of Night* head writer to *Star Trek: The Next Generation* writer/producer. Having written and designed more than 40 commercial and applied video games, Lee spearheaded the first full writing for games concentration in North America at Rensselaer Polytechnic Institute and the second writing concentration at Worcester Polytechnic Institute where he is now a professor of practice. Lee is a regular lecturer and consultant on game design and writing in the United States and abroad. His most recent commercial game, the award-winning *The Lion's Song*, is currently on Steam.

**Common Man, Extraordinary Call** Jeff Davidson, Becky Davidson, 2019-01-22 Challenges equips and inspires fathers of children with special needs. Becoming the father of a child with special needs can feel like being drafted into the military and starting duty as a general. Dad is expected to know how to set rules and run drills without any training in leadership. And there are very few resources for men who want to be involved but need guidance and specific ideas. Overwhelmed, many fathers end up going AWOL on their families. As a twenty-year veteran of special needs parenting, Jeff Davidson wrote a field manual to give fathers the skills required for the day-to-day demands of parenting. Jeff helps men discover God's new mission for their lives in each of five specific roles: warrior, protector, provider, encourager, and equipper. He offers rich, real-life examples from dads in the field and a no-nonsense approach from initial diagnosis onward. This book is filled with practical how-tos for parenting in the special needs world, bullet points for easy reading and quick reference, and a Mission Critical synopsis at the end of each chapter. Informal and task-oriented, *Common Man Extraordinary Call* offers growth and hope for men with little free time. And as they process their instructions, they'll be able to mentor other fathers, creating a strong army of men who not only survive but thrive as capable dads to their children with special needs.
