, 1981 **The Rough Guide to the Pacific Northwest** J. D. Dickey, Tim Jepson, Phil Lee, 2004 The Rough Guide to the Pacific Northwest is the definitive guide to one of the world's most breathtaking corners. A full colour introduction includes the author's hand-picked round-up of Things not to Miss including sights, activities, events, and natural wonders. There is detailed coverage of the area's near-limitless outdoor pursuits from kayaking in the Puget Sound to hiking the Pacific Coast Trail. There are vivid accounts of Vancouver, Seattle, and Portland along with the region's stunning national parks, rugged volcanic peaks, and pristine seascapes. For every area, insightful reviews of the best places to stay, eat, and drink help the reader get a true taste of the area, whatever their budget. **Guide to American & International Directories**, 2007 *Guide to*

Libraries, 1999 *Cyndi's List* Cyndi Howells, 1999 REF This is a multi-title review. The titles include *Cyndi's List* 880 pg, *Instant Information on the Internet* 117 pg, and *Instant Information on the Internet* 86 pg. Although Internet directories such as Howells's wildly popular site www.cyndislist.com offer well-organized access to genealogy sites online, many researchers still want to plan searches with a book in hand. Now Howells's *Netting Your Ancestors* has created a print version with some exceptions of her web site. Including over 100 categories and over 40,000 links, most with brief annotations, this book has something for nearly any genealogy-related topic that comes to mind. Schaefer's *Instant Information* series offers pared-down compilations of basic information search sites. Her book on the United States categorizes web sites by state and includes vital records, information sites, prominent research libraries and societies, indexes and databases, and general information sites. In the *British Isles* book, Schaefer discusses British counties and expands her lists to include major sites for churches and the Celtic language, as well as a place name index. All three books provide easy access to useful genealogy sites. While Howells strives for exhaustive coverage of genealogy links, Schaefer offers very general site lists. Though Howells's book comes with a solid price tag, the purchase of each new and planned title in Schaefer's series would quickly rack up the same price or more. Still, for those who want only a brief, focused guide, Schaefer's books are an economical alternative. Elaine M. Kuhn, Allen City P.
