**Viking Breeding Gangbang** Francis Ashe, Ragnar Thyrsson a mighty and noble Viking warrior made a promise long ago to keep Leta safe The last thing that he expected was to fall in love with his charge After leaving Leta in the care of his men Ragnar returns to warn them of a danger from all their pasts and finds her in the arms of the four other Vikings Will she stay with Ragnar or run for the hills with the wild Hrolf What of the other gang no doubt terrible and vile Find out as Leta gets TAKEN BY THE VIKINGS Warning This standalone 19000 word sizzling erotic menage romance features explicit language mighty Viking warriors rough handling a girl coming into her own two and three man menage both with Leta in the middle and revelations so incredible that they can hardly be believed A taste of the passion within Ragnar's lips felt warm behind my ear and his tongue gave me a little charge when he touched me with it before sucking my earlobe inside his mouth Vorix put

his hand on top of mine and pressed it against himself In the shadows his eyes were barely visible but I knew their pale green color so well that I was able to see it without seeing it I watched him watching me for a long moment until another of Ragnar's hungry sucking kisses made me close my eyes as the pleasure of being with him with both of them caught up to me and spilled down my back I felt that old warmth creep up between my thighs trickling and slow as a finger traced a line down my chest Why is it why is it that you're not jealous I asked to either one of them who cared to answer You seemed so sure that you owned me that I was yours way back when you dragged me out from my hiding place in the forest after my village burned It seems like years ago but really it was only a handful of days Ragnar raised his head and I smelled the oil in his hair that he used to keep it in place He looked at me for a time The rise and fall of Vorix's chest came in time with my own breath I was about to ask again when the Viking said I've seen the way your eyes wander I don't fault you for it Nor do I fault him at which point he tilted his head to Vorix or any of the others Some things you can keep inside some things you can't I see no reason to fight nature

traced lines down my slender face Despite myself despite what he had done or not done to my village I couldn't help but be taken with Ragnar The way he towered above me how he spoke softly but with tremendous force in his curious accent And of course those eyes that drew me in and refused to let me go Turn he said As he watched I slowly turned in a circle becoming very aware of exactly how tattered my clothing was Not much left of it after my run through the forest A tatter of my underclothes remained little more than a rag Along with a shred of cloth that approximated half a cloak around my shoulders and my torso that all I had shielding me from the elements and from the Viking's penetrating gaze When I returned to face him the coldness of his stare had gone replaced by something wilder almost unhinged The left corner of Ragnar's mouth curled in a grin and he took a step closer to me His hand warmed my side where all the cloth had been ripped away He touched the side of my face with the other then my neck Shivers wracked my body Never in my life had a man seen me in such a state Never had I felt such a hungry powerful touch And never before had I wanted anything as badly as I wanted this huge warrior to rip away the rest push me face down and ravish me      Kidnapped by the Viking Caitlin Crewseng,2021-09

**Captured by Vikings** Hunt Ellie (author),1901      Dominated By The Viking Eloise Snow,2019-05-16 Eva did not become a Queen by giving into men John is no exception so even as he strips bare and lays his muscular body on the snow covered wall melting the snow as well as the heart of every woman in his village and leaving both as wet she resists John is no pretty boy but he's a valiant fighter who would die for his people When Vikings storm his castle he's on the front lines to fight back but Eva's forces are too strong and soon he finds himself captive where he's given an ultimatum that will test his loyalty to his people Eva will make sure John bends his knee for her perhaps in more ways than one Excerpt 1 Somehow the darkness only seemed to deepen as he stepped beneath the canopy provided by the trees and a silence so deep it felt almost unnatural overtook him With the insulating trunks and bulky foliage around him the rising and falling hum of voices soon disappeared behind him fading into the distance his solitude broken only by the stirring of a woodland creature startled by his passage through For hours he wandered until the inky blackness gave way to grey and as he came to a hill he saw red on the horizon the rising sun Except no birds were yet awake not a sound to be heard to announce the oncoming day It was much too quiet still for the sun to be peeking above the distant horizon and he realized with a start he was facing the wrong direction to see the sun at all The red light that flickered on the horizon was spreading and rising up from it he saw a column of black twisting in the air like a giant snake Smoke John's heart hammered against his chest and for a moment just a moment he considered dashing back into the woods hiding until whatever was happening had passed He took a step intending to do just that and sucked in a sharp breath that made his ribs ache where Mack had hammered on them the day before for speaking with Ellen Ellen Fear so distinct it was nearly palpable coursed through him and he was moving before he had made the conscious decision to do so Leafage dampened the sound of his approach but nothing could muffle the sounds coming from his village Screams broke the stillness of morning and as John broke from the tree line he saw why chaos

had erupted strangers in burnished armor and thick leathers swarming the streets that had been empty when he left The men of the village had banded together but even as John watched their line was broken makeshift weapons no match for the tools of war hefted by the figures that advanced on them John recognized each man that fell before the intruders and his heart clenched in his chest he altered his course even as he heard a shout behind him trying to disappear among the familiar streets and aiming to cut them off hoping to get to the bakery before the advancing line His hopes waned almost immediately there was no rhyme or reason to this no true organization it seemed as if they had come from all sides Buildings that had stood since John was a boy were in ruins roofs aflame simple roughen blocks crumbling under the sweltering heat Excerpt 2 Soon their clothes seemed an almost oppressive barrier cruel trappings designed with the pure purpose of keeping them apart John s shirt was discarded and laid on the ground with his trousers Ellen s dress disappeared next added to the clothes laid out until it made a small pallet softer at least than the bare rock that surrounded it There Ellen allowed herself to be lowered her hair pulled free from the ribbons that had held it in place allowing it to fall free in slight curls around her fanned out beneath her shoulders A delicate shiver passed through the girl beneath him as he lowered his mouth to the junction between her legs taking his first taste of her her fingers curled in the clothing beneath her knees coming up around his ears whether to bar him access or encourage him John could not say His hands pressed lightly to her thighs encouraging them apart again and Ellen complied a smooth motion one leg daintily coming to curve over his shoulder knee hooked over it

Soon he had both of my wrists in his hands and flipped me over on my back With him between my legs I felt the Viking s prick hard against my body I twisted my hips this way and that to unbalance him but as time went on my efforts started to flag a little and then I gave up Both he and I watched each other s face for a few moments Breathing in breathing out His chest rose and fell and when he let go of my wrists instead of slapping at him or trying to stick my thumbs in his eyes I flattened my palms against the muscles above his navel My fingertips bounced over his rippled ridged stomach until I touched his What s this Hrolfgar s voice was thick and soupy but he was awake at least What s going on Vorix Why are you in my hey wait a minute Relax big man We re just warming up for the night He slipped a hand underneath my waist and when I started to speak he clamped hard I let out a little yelp and shut my mouth Get out of here fool the bigger man said She s Ragnar s Don t make a mistake you ll regret when you wake up hung over Oh that s a good one me with a hangover How was your nap Hrolf She isn t Ragnar s she s Canute s Or whatever that strange little princeling of his is named Ragnar just gave her a go around to make sure everything worked right Isn t that right Leta No I mmf mrf See She said yes What No she didn t you horse s ass She said What the frozen hell does it matter She s a slave Hrolf At some point the other two had apparently heard the commotion Hrolf Vorix I hope we re not interrupting a lover s quarrel Tyr laughed loud at his own joke No you broad nosed fool Vorix said eyes flaring I was sampling the wares that Ragnar dredged up and Hrolf decided to come chastise me about it For some reason he thinks I m interested As he spoke Vorix began to curl his fingertips on my soft naked belly skin Now if you ll all shove off I can get on with it He shrugged in his easy carefree way And then you can have a go I suppose Who s to stop you Well Ragnar for one He s not going to be happy I was by then far too caught up in what seemed inevitable The lean clean faced Viking between my legs pushed his hips against me The tip of his cock threatened to dip inside and I have to admit even with the fear the terror that hung in the back of my mind the way he touched me made my toes curl See how she s acting You think she doesn t want this Ever since Ragnar broke her she s insatiable Vorix said Go on get out Or don t What do I care The hand on my belly stroked all the way up to my neck his thumb ran along my jaw and then he leaned to kiss me His lips were suitably rough and his kiss hard and desperate but behind all of his movements and his affections was a gentleness that surprised me His weight against my hips made me feel secure somehow even though I was well aware of his intentions and of the other three men that just stood around behind us as though there was nothing better to do
