How is a job different from a career? - answer✓A job is work that you do for pay. It typically requires you to do a very specific set of tasks and a corresponding job title. A career on the other hand is a series of jobs or occupations that a person has throughout their life that build upon each other and become more challenging.

List 5 of your personal interests. List 5 of your personal skills. Do any of your skills and interests overlap? - answer✓Student answers will vary but should reflect the definitions of interest and skill. Ex. Interests - reading, playing piano, running, drawing, and talking to friends Skills - typing quickly, drawing, cooking meals, listening well, and driving Drawing is both an interest I possess and a skill that I am good at doing.

Define the term lifestyle and explain the kind of lifestyle you would like in your future. Then, discuss how work affects lifestyle. - answer✓Lifestyle can be defined as the way you use your time, energy, and resources. People use their time and energy and some resources at work. The work that you do affects other parts of your life like how much time you have to spend with your family and friends as well as how much money and energy you have to pursue your favorite activities.

Cleaning your room would be an example of work. - answer✓True
