The Cold War Odd Arne Westad,2017-09-05 The definitive history of the Cold War and its impact around the world We tend to think of the Cold War as a bounded conflict a clash of two superpowers the United States and the Soviet Union born out of the ashes of World War II and coming to a dramatic end with the collapse of the Soviet Union But in this major new work Bancroft Prize winning scholar Odd Arne Westad argues that the Cold War must be

understood as a global ideological confrontation with early roots in the Industrial Revolution and ongoing repercussions around the world In *The Cold War* Westad offers a new perspective on a century when great power rivalry and ideological battle transformed every corner of our globe From Soweto to Hollywood Hanoi and Hamburg young men and women felt they were fighting for the future of the world The Cold War may have begun on the perimeters of Europe but it had its deepest reverberations in Asia Africa and the Middle East where nearly every community had to choose sides And these choices continue to define economies and regimes across the world Today many regions are plagued with environmental threats social divides and ethnic conflicts that stem from this era Its ideologies influence China Russia and the United States Iraq and Afghanistan have been destroyed by the faith in purely military solutions that emerged from the Cold War Stunning in its breadth and revelatory in its perspective this book expands our understanding of the Cold War both geographically and chronologically and offers an engaging new history of how today's world was created *The Clever Teens' Guide to The Cold War (The Clever Teens' Guides)* Felix Rhodes, *The Cold War* Merrilyn Thomas, 2012-12-01 How the modern world was shaped by super power rivalry through deception and propaganda This guide exposes the reality behind the war between capitalism and communism two ideologies divided by the Iron Curtain New revelations show that what was once regarded as simply a struggle between good and evil was in fact a far more complex affair Merrilyn Thomas peels back the layers of deception and intrigue and offers a penetrating assessment of the legacy of instability that continues today **The Cold War: A History Just for Kids!** KidCaps, 2013-09-05 In this book we will be learning more about the Cold War and we will talk about what were the things that motivated the two countries to compete with each other for over 40 years You will find sections in here that divide up our study of the Cold War into six different main ideas Find out about this exciting and complex period of time in this kid's book *Why Did the Cold War Happen?* Paul Harrison, 2010-08-01 Includes firsthand speeches letters diary entries and other primary source materials that give the reasons these unforgettable events unfolded as they did this book describes what caused the Cold War between the United States and the Soviet Union *The Cold War* Meredith Day, 2016-07-15 Immediately following World War II former allies the United States and the Soviet Union began an open yet restricted rivalry that became known as the Cold War and played out around the world until the Soviet Union's collapse in 1991 Many conflicts such as the Chinese Civil War the Korean War the Vietnam War and the Arab Israeli wars acted as proxy wars for the U S Soviet competition Other major issues explored in this examination of the Cold War include Europe's Iron Curtain the nuclear arms race decolonization in Africa and the spread of communism into Latin America and Southeast Asia **Cold War Reference Library** Richard Clay Hanes, Sharon M.
