McDougal Littell the Americans Gerald A. Danzer, 1999-07-23 **John Bull's Island** Colin Holmes, 2015-10-16 There is a strong but unreliable view that immigration is a marginal and recent phenomenon In fact immigrants and refugees have come to Britain throughout its recorded history In this book first published in 1988 Colin Holmes looks at this period in depth and asks who were the newcomers and why were they coming What were the distinctive features of their economic and social lives in Britain How did British society respond to their presence The resulting book is a major historical survey of immigration which synthesises and evaluates existing work and weaves in new material on a wide range of immigrant minorities Theorists of Economic Growth from David Hume to the Present Walt Whitman Rostow, Michael Kennedy, 1990 This is a survey of the contributions made by modern economic theorists from Adam Smith and David Hume to those of the present day Call Him Mac Gary L. Stuart, 2018-10-16 The political life of Ernest W McFarland lawyer judge senator governor Arizona Supreme Court justice and businessman is well documented Less known is his life as a family man country lawyer rural judge and visionary In Call Him Mac Gary L Stuart renders a nuanced portrait of a young ambitious restless and smiling man on the verge of becoming a political force headed for the highest levels of governance in Arizona and America Stuart reveals how Mac became an expert on water law and a visionary in Arizona s agricultural future Using interviews with friends and family and extensive primary source research Stuart spotlights Mac s unerring focus as a loving husband father and grandfather even in times of great personal tragedy Mac s commitments to his family mirrored his sense of fiduciary duty in public life His enormous political successes were answers to how he dealt with threats to his own life in 1919 the loss of his first wife and three children in the 1930s and a political loss in 1952 that no one saw coming Stuart writes the little known story of how Arizona s culture and citizens shaped this energetic determined likable lawyer The fame Mac created was not for himself but for those he served in Arizona and beyond Mac s unparalleled political success was fermented during his early Arizona years the bridge that brought him to his future as an approachable and likable elder statesman of Arizona politics **Report on Cuba** Economic and Technical Mission to Cuba, 1951 **The Motel in America** John A. Jakle, Keith A. Sculle, Jefferson S. Rogers, 1996 In the second volume of the acclaimed Gas Food Lodging trilogy authors John Jakle Keith Sculle and Jefferson Rogers take an informative entertaining and comprehensive look at the history of the motel From the introduction of roadside tent camps and motor cabins in the 1910s to the wonderfully kitschy motels of the 1950s that line older roads and today s comfortable but anonymous chains that lure drivers off the interstate Americans and their cars have found places to stay on their travels Motels were more than just places to sleep however They were the places where many Americans saw their first color television used their first coffee maker and walked on their first shag carpet Illustrated with more than 230 photographs postcards maps and drawings The Motel in America details the development of the motel as a commercial enterprise its imaginative architectural expressions and its evolution within the place product packaging concept

along America's highways As an integral part of America's landscape and culture the motel finally receives the in depth attention it deserves **A Time to Heal** Stephen E.
