The Dying of the Light James Tunstead Burtchaell, 1998 Scholar and educator James Tunstead Burtchaell provides case

studies of 17 prominent colleges and universities with diverse ecclesial origins analyzing the processes that eroded the bonds between school and church over time *The Idea of a Christian College* Todd C. Ream, Perry L. Glanzer, 2013-10-28 In 1975 Arthur F. Holmes published *The Idea of a Christian College*. At the time he could not have imagined his book would gather such a large following. This work's thoughtful yet accessible style made it a long-standing choice for reading lists on Christian college and university campuses across the country and around the world. Countless numbers of first-year students have read and discussed his book as part of their introduction to the Christian college experience. However, enough has changed since 1975 in both the Church and Academy to now merit a full-scale reexamination. In this book, Todd C. Ream and Perry L. Glanzer account for changes in how people view the Church and themselves as human agents and propose a vision for the Christian college in light of the fact that so many Christian colleges now look and act more like research universities. Including topics such as the co-curricular common worship and diversity, Ream and Glanzer craft a vision that strives to see into the future by drawing on the riches of the past. First-year students as well as new faculty members and administrators will benefit from the insights in this book in ways previous generations benefitted from Arthur Holmes's efforts. Quality with Soul Robert Benne, 2001 This book demonstrates that despite much evidence to the contrary, there are still Christian colleges and universities of high academic quality that have also kept their religious heritages publicly relevant. Respected scholar Robert Benne explores how six schools from six different religious traditions: Calvin College, Wheaton College, St. Olaf College, Valparaiso University, Baylor University, and the University of Notre Dame have maintained quality with soul. These constructive case studies examine the vision, ethos, and personnel policies of each school, showing how and why its religious foundation remains strong. *A Guide to Christian Colleges* Christian College Coalition (U.S.), 1982 *Why College Matters to God* Rick Ostrander, 2021-01-26 A trusted first-year text at Christian colleges and universities, *Why College Matters to God* is a brief, easy-to-read introduction to the unique purpose of a Christian college education. It has been widely used by Christian colleges and universities over the past decade because of its unsurpassed ability to be substantive yet accessible. The book draws on the insights of a wide range of Christian philosophers, theologians, historians, and scientists but communicates key concepts in straightforward language that connects with a general audience. Brief enough to be paired with other texts, *Why College Matters to God* is an ideal introduction to the why and how of Christian learning for students, faculty staff, and parents. The third edition preserves the qualities of the previous editions along with updated illustrations and new material on important topics such as Christian learning and the challenges of technology, Christian vocation, career preparation, and the liberal arts. Diversity and civility on campus: The habits of the highly effective college student The Idea of a Christian University in Today's World Ben C. Already Compromised Dr. Greg Hall, Steve Ham, Todd Hillard, 2011-05-01

Will a Christian college build a student s faith or tear it down Parents and students sacrifice large sums of money for a Christian college education Why They are purchasing a guarantee their child s faith in God and the Bible will be guarded and developed But is the Bible being taught Will they graduate believing in the inerrancy of Scripture the Flood of Noah s Day and a literal six day creation Apologetics powerhouse Ken Ham and Dr Greg Hall reveal an eye opening assessment of 200 Christian colleges and universities In an unprecedented 2010 study by America Research Group college presidents religion and science department heads were polled on critical areas of Scripture and core faith questions Ken Ham is an accomplished author of some of the most popular and effective apologetics research on the market He is the founder of Answers in Genesis U S and the president of the Creation Museum I have no doubt that the average church member would be shocked and outraged to discover how many supposedly evangelical colleges and universities have more or less given up their commitment to biblical inerrancy and the authority of Scripture especially when dealing with the early chapters of Genesis I m grateful for this important work by Ken Ham and Greg Hall documenting the many compromises that have ravaged the Christian academy

Already Compromised is a much needed wake up call and a summons to arms for faithful courageous Bible believers We need to stand up declare our faith and defend the truth of Scripture courageously The stakes are high and the battle may be more fierce than ever but God will bless those who honor His Word May He bless us with clear unwavering voices John MacArthur
