Slate, 2015-08-08 Bring Your Unconscious Powers into the Conscious Mind and Make a Life of Greater Success and Happiness Master the Tools of Psychic Empowerment and Self Knowledge Become more than you are Spiritual communication is no longer a passive state of waiting to hear the spirits speak through a medium or channel Discover how to manifest an active state of consciousness and create direct communication with specific spirits and spiritual entities This is a do it yourself book personal and individual so you no longer have to depend on groups and institutions for power or authority With clear and precise instructions Communicating with Spirit shows you how to return Spirit to your inner self open the doors to communication at the spiritual levels and extend perception from material limitations toward the inclusiveness of higher dimensional awareness Explore yourself and the world of spirit the answers come from within **My Eye: A Vision of Christ** Mark Wonser, 2011-07 The first half of this two part book tells the story of an ordinary boy enriched by his mother s faith yet torn apart by a bitter divorce Maintaining his religious underpinnings Mark struggles through the divorce and graduates from college with a degree in finance This takes him to the Chicago Mercantile Exchange where he makes millions of dollars marries his wife and retires at the age of 36 Shortly after Mark received a Master s degree in Theology setting the foundation for the remainder of his life The first half of the book ends with the death his forth child Kevin which becomes the catalyst for a tremendous spiritual conversion The second half of the book walks the reader through that conversion documenting the steps taken to accomplish it A discussion of physics is used to set up a foundation for further explanations in theology This discussion results in a need to re evaluate the meaning of Mark 8 29 when Jesus asks Who do you say that I am The result is a shift from orthodox religion to a focus on Sophian Gnosticism Time is spent focusing on Kabbalah and The Tree of Life and on a special sign Mark created called the Sign of the Tree Kabbalistic teachings on reincarnation and suffering are explored Mark applies these teachings to his life by leaving the material world behind going to work at a homeless shelter and becoming a hospice volunteer **The Secret History of the Gnostics** Andrew Phillip Smith, 2015-11-24 Learn more about the myths practices history and recent resurgence of Gnosticism as a Gnostic scholar seeks to answer why this Christian mystical movement has inspired the likes of Dan Brown and Philip Pullman The Secret History of the Gnostics offers long awaited illumination on the mystical movement that teaches gnosis

knowledge of God as opposed to unquestioning faith Acclaimed author Andrew Phillip Smith delves into the myths and practices of this ancient movement exploring its popularity during 2nd century AD its subsequent decline under the weight of orthodoxy in the Church and its present day resurgence Gnosticism has travelled a fascinating path from the Manichaeans in Modern Persia between the 3rd and 7th centuries AD to the triumphs and tragedies of the Cathars in Southern Europe between the 12th and 14th centuries to finally today's Mandaean in Iraq However as the author points out the revival of Gnosticism extends further than these narrow sects offering inspiration to a legion of literary figures including Dan Brown and Philip Pullman Gnosticism's emphasis on personal over organized religion in keeping with the doctrine of the early Christian era during which it thrived has found particular resonance with today's multicultural world In addition to discussing the Gnostic gospels and the sect's practical beliefs and customs The Secret History of the Gnostics is also in effect a manifesto an appeal to those inspired by or drawn to the Gnostic faith not to forget its origins The Lost Teachings of the Cathars Andrew Phillip Smith, 2015-11-24 A deep dive into the history culture and legacy of the medieval Christian dualist movement Catharism as seen in popular novels by Dan Brown and Kate Mosse Centuries after the brutal slaughter of the Cathars by papally endorsed Northern French forces and their suppression by the Inquisition the medieval Cathars continue to exert a powerful influence on both popular culture and spiritual seekers Yet few people know anything of the beliefs of the Cathars beyond vague notions that they believed in reincarnation were vegetarians were somehow Gnostic and had some relation to Mary Magdalene The Lost Teachings of the Cathars explores the history of this Christian dualist movement between the twelfth and fourteenth centuries offering a sympathetic yet critical examination of its beliefs and practices In addition to investigating the Cathars origin their relationship to Gnosticism and their possible survival of the Inquisition author Andrew Philip Smith also addresses theories and figures from the Cathars recent past Eccentric esotericists initiated a neo Cathar revival in the Languedoc which inspired the philosopher Simone Weil The German Otto Rahn the real life Indiana Jones believed that the Cathars were protectors of the Holy Grail and received support from Heinrich Himmler Meanwhile English psychiatrist Arthur Guirdham became convinced that he and a circle of patients had all been Cathars in previous lives Tourists flock to the Languedoc to visit Cathar country Bestsellers such as Kate Mosse timeslip novel Labyrinth continue to fascinate readers But what did the Cathars really believe and practice Library Journal ,2005

Vande Kappelle, 2022-12-20 Human beings are happiest when they live virtuously For Jesus and his first followers living virtuously meant loving God and others as extensions of oneself However what began as an inclusive ethical way of life based on unconditional love gradually degenerated into an exclusive social and political

religious movement that came to be known as Christendom Originally a continuation of Jewish messianism the Christian movement aligned itself with Platonic and Aristotelian elements comprising a marriage of specific elements of Greek philosophy with Roman imperialism What if instead of aligning with the dualist idealist exclusivist and supremacist Socratic movement perpetuated by Plato and his followers ancient Christians had aligned with the nondualist realist inclusivist and egalitarian Stoic movement spread by Zeno and his followers an ethical tradition that like the teachings of Jesus was guided by providential and natural law ethics The results of such a synthesis laid out in this innovative study are practical inspiring and transformative for they are based on the greatest vision possible for humanity a nondualist approach to life that counters authoritarian and exclusivist behavior fostered by supremacist political ethical and social religious ideologies Unlike Christendom based on ecclesiastical triumphalism the way of Christlikeness envisioned by Jesus for humanity is grounded in humility compassion service and love of others
