A Short History of Christian Doctrine Bernhard Lohse, 1966 This book has earned wide acceptance as an outstanding single volume history of doctrine It is ideally suited for classroom and seminar use as well as research and independent study With remarkable conciseness and clarity Lohse shows how doctrinal development has occurred in the various periods of the Church's history from the first century to the present He explores and discusses one by one the dogmas and doctrines that constitute the milestones in the story of the Church's effort to proclaim the message of Jesus Christ to each age This Revised American Edition includes a new preface by the author an account of the significance of the Second Vatican Council and alterations in the For Further Reading section to bring it up to date *Early Christian Doctrines* J. Church History and Doctrine Church of Jesus Christ of Latter-day Saints, 1977. **The Substance of Our Faith** Douglas A. Sweeney, 2023-10-24. Christianity Today 2024 Award of Merit Academic Theology. Doctrine is central to Christian discipleship and maturity. Unfortunately, it is often sidelined in churches teaching ministry as irrelevant or impractical. Countering this, leading church historian Douglas Sweeney defines doctrine as church teaching intended for the shaping of daily faith and practice. *The Substance of Our Faith* addresses introductory issues in the study and application of historical doctrine, incorporating a unique global and catholic perspective. It addresses the Spirit's role in the rise of doctrine in the early church, the authority of Scripture and tradition in the development of doctrine, the challenges of doing global historical theology, the nature and purpose of doctrine, and implications for teaching the faith today. Specifically, Sweeney advocates that those who teach the Christian faith in all churches do so in communion with the saints who have come before. A future volume by the author will narrate the actual history of doctrinal teaching around the world. **Church History and Modern Revelation** Joseph Fielding Smith, 2013-10. This is a new release of the original 1946 edition. Church History and Doctrine Church of Jesus Christ of Latter-day Saints. Department of Seminaries and Institutes, 1985. Church History and Doctrine Bishop McQueen, Steven McQueen, 2014-10-20. This book takes the reader on a Church history journey. It brings to light the truth concerning the early church. It will enlighten and challenge the reader to search not only church history but the Word of God more thoroughly. **The Ancient Church; its History, Doctrine, Worship, and Constitution, Traced for the First Three Hundred Years** William Dool Killen, 2024-02-29. Reprint of the original first published in 1883. *Historical Theology* Gregg Allison, 2011-04-19. *Historical Theology* presents the key pillars of the contemporary church and the development of those doctrines as they evolved from the history of Christian thought. Most historical theology texts follow Christian beliefs in a strict chronological manner with the classic theological loci scattered throughout various time periods, movements, and controversies, making for good history but confusing theology. This companion to the classic bestseller *Systematic Theology* is unique among historical theologies. Gregg Allison sets out the history of Christian doctrine according to a topical, chronological arrangement: one theological element at a time, instead of committing to a discussion of theological thought according to its historical appearance alone. This method allows you to contemplate one tenet of Christianity at a time along with its formulation in the early church through the Middle Ages, Reformation, and post-Reformation era and into the modern period. Become familiar with the primary source material of Christian history's most important contributors such as Cyprian, Augustine, Aquinas, Luther, Calvin, Barth, and others. Understand the development of evangelical doctrine with a focus on the centrality of the gospel. Discern a sense of urgent need for greater doctrinal understanding in the whole church. *Historical Theology* is an easy-to-read textbook for any Christian who wants to know how the church has come to believe what it

believes today Gregg Allison's clear and concise structure make this resource an ideal introduction to Christian doctrine
