Church Locality Jim Tomberlin, Tim Cool, 2014-04-16 Growing churches today are utilizing multisite and church planting strategies to reproduce themselves for greater outreach and impact But where That is the purpose of this book This book is not intended to address the why of these missional approaches or even the how This book is a tool and guide to the where Where should we meet What kind of facilities are usable for churches What are the implications of the various options Tomberlin and Cool reveal the keys to using location as a way to reproduce and increase impact Locality is all about the convergence of location and facility The where of a church matters This book explains the new rules for multisite churches and church plants Additional contributors to this book include Ed Stetzer Brad Leeper and Rich Birch

**A Guide to Church Planting** Melvin L. Hodges, 1973 **The Nuts and Bolts of Church Planting** Aubrey Malphurs, 2011-02-01 Most books on church planting offer a model for churches to replicate usually one that is tied to a particular style generation or demographic But what churches really need is a process that is flexible not bound to a particular time or current fad In The Nuts and Bolts of Church Planting trusted author and church planting expert Aubrey Malphurs shares the basic steps any church planter will need regardless of his or her generation now or in the future These steps include establishing values mission vision and strategy reaching the community making disciples recruiting a team determining location and facilities raising money for the ministry With instant practical takeaway based on proven techniques this book will be invaluable to any church planter

**Planting Churches That Reproduce** Joel Comiskey, 2008-12 Small group resources tend to overlook the spiritual side of small group leadership And yet most would agree that spiritual preparation is the most important aspect of leading a small group Only Gods supernatural power can draw people to the truth and liberate them to be all that God wants them to be The key distinction of this book is the spiritual perspective it gives to small group ministry So much of the literature about small groups that is already published relates to small group technique and only touches briefly on the Spirits power This book is a practical reference guide to help small group leadership begin to move in the supernatural realm The books first priority is to help small group leaders and members trust the Holy Spirit to lead them empower them and work in their group Small group facilitators often sense a lack of guidance power and spiritual authority Jesus knew His disciples would be powerless without a touch from the Holy Spirit and so He told them to wait in Jerusalem saying You will receive power when the Holy Spirit comes on you and you will be my witnesses in Jerusalem and in all Judea and Samaria and to the ends of the earth Acts 1 8 Small group leaders need a power boost to make small group ministry relevant and exciting The second priority of this book is to help the facilitator identify and mobilize each small group member to use his or her own spiritual gifts

Peter Wagner,2010-03-01 For the past four decades this highly effective method of evangelism has been vastly overlooked As a result large segments of the population have remained unreached No single church can meet every person s needs that s why planting new churches ones that will meet the needs of specific groups is so necessary Now after ten years of research and teaching on the subject C Peter Wagner shares his knowledge and insight in this comprehensive guide on how to plant a church It s an up to date textbook on church planting and a helpful summary of church growth principles in general Church Planting for a Greater Harvest contains everything Wagner taught in his highly successful How to Plant a Church seminar a presentation that was offered sixteen times and drew 5 000 participants Today as we see a renewed interest in church planting the Lord is blessing the efforts of church planters everywhere The future can be an exciting time of growth for churches Get ready to be carried into what could be the greatest era of harvest the world has ever seen      God Gave the Growth Susan Brown Snook,2015-06-01 Practical and theoretical instruction for mainline church planting The Episcopal Church has recognized that planting new churches is a high priority through the Mission Enterprise Zones initiative which provides grant funding for new worshiping communities in partnership with dioceses While there is significant literature and training available for church planters in evangelical contexts very little is available for planters in the Episcopal mainline context This book addresses how to rise up and train leaders for the difficult task of planting new churches in the twenty first century It answers the essential questions such as why should we plant churches what models of church planting are most successful what kinds of leaders are necessary and what problems can be expected Through the author s personal experience and interviews with diocesan experts and leaders in mainline denominations it provides strategies approaches and problem solving techniques      **Church Planting Made Easy** Samuel Ukomadu,2014-03-06 Church planting is the heartbeat of God Church is a place where every worshipper looks up to every worship moment to exercise their faith in terms of prayer and worship Peter Paul and James were church planters The need to plant churches cannot be over emphasized Many souls have turned to Christ because someone preached to them I have planted churches and preaching is what I do I am the lead pastor in Firebrand Assembly of God in Sugar Land Texas a church I planted in 2007 A Bible school has been established in the church and by Gods grace it is a privilege to be a teacher in the theological seminary We established a study center for Global University and ministers of God are being trained in the study center      **Church Planting Movements - India** Frederick Osborn,2014-12-11 In the year 1999 David Garrison the Associate Vice President Strategy Coordination and Mobilization for the International Mission Board of the Southern Baptist Convention completed an assignment to profile the

growing number of Church Planting Movements that were appearing in their work around the world The final result of this assignment was published by the Southern Baptist Convention SBC in a small pamphlet of 60 pages appropriately titled Church Planting Movements Although many people in India were involved in missions work long before this report was written and there are many missionaries still working in India today the major emphasis of their work so far has been making new converts social works and building church buildings There are a number of reasons why missionaries have not been successful in initiating true Church Planting Movements CPMs which will be examined in detail in this book but the primary reasons are because traditional methods of planting churches involve enormous costs in purchasing land and building church buildings and there remains a shortage of seminary trained ministry leaders who have studied and understood what a CPM is all about However if they were encouraged equipped and educated there are enough indigenous workers ready willing and able to evangelize the lost and start Church Planting Movements across India Today there is an increased desire among village pastors to plant new churches but they are often delayed because of the tremendous burden and crippling financial drain involved in obtaining land and building church buildings Following the traditional model it would not take long before all of the efforts of church planters would be poured into fundraising for building churches However after reading David Garrison s report one will realize two things first is how important it is to place more emphasis on biblical church planting strategies among the marginalized communities and second is how important it is to understand from the book of Acts what are the qualities and characteristics of a genuine Church Planting Movement
