Civilians And Modern War By Daniel Rothbart:

Civilians and Modern War Daniel Rothbart, Karina Valentinovna Korostelina, Mohammed D. Cherkaoui, 2012 This book explores the issue of civilian devastation in modern warfare focusing on the complex processes that effectively establish civilians identity in times of war Underpinning the physicality of war's tumult are structural forces that create landscapes of civilian vulnerability Such forces operate in four sectors of modern warfare nationalistic ideology state sponsored militaries global media and international institutions Each sector promotes its own constructions of civilian identity in relation to militant combatants constructions that prove lethal to the civilian noncombatant who lacks political power and decision making capacity with regards to their own survival **Civilians and Modern War** provides a critical overview of the plight of civilians in war examining the political and normative underpinnings of the decisions actions policies and practices of major sectors of war The contributors seek to undermine the tunnelling effect of the militaristic framework regarding the experiences of noncombatants This book will be of much interest to students of war and conflict studies ethics conflict resolution and IR Security Studies

Civilians and Warfare in World History Nicola Foote, Nadya Williams, 2017-08-23 This book explores the role played by civilians in shaping the outcomes of military combat across time and place This volume explores the contributions civilians have made to warfare in case studies that range from ancient Europe to contemporary Africa and Latin America Building on philosophical and legal scholarship it explores the blurred boundary between combatant and civilian in different historical contexts and examines how the absence of clear demarcations shapes civilian strategic positioning and impacts civilian vulnerability to military targeting and massacre The book argues that engagement with the blurred boundaries between combatant and non combatant both advance the key analytical questions that underpin the historical literature on civilians and underline the centrality of civilians to a full understanding of warfare The volume provides new insight into why civilian death and suffering has been so common despite widespread beliefs embedded in legal and military codes across time and place that killing civilians is wrong Ultimately the case studies in the book show that civilians while always victims of war were nevertheless often able to become empowered agents in defending their own lives and impacting the outcomes of wars By highlighting civilian military agency and broadening the sense of which actors affect strategic outcomes the book also contributes to a richer understanding of war itself This book will be of much interest to students of military studies international history international relations and war and conflict studies

Human Rights and War Through Civilian Eyes Thomas W. Smith, 2017 Human rights and the norms of modern warfare Humanizing the laws of war The implosion of Iraq shock and awe insurgency and sectarian terror The Gaza wars 2008 2014 human rights agency and advocacy Who's responsible Justice and accountability Kind hearted gunmen human rights and humanitarian intervention *Saving Soldiers or Civilians?* Sebastian Kaempf, 2018-05-03 Concerns for the lives of soldiers and innocent civilians have come to underpin Western and particularly American warfare Yet this new mode of conflict faces a dilemma

these two norms have opened new areas of vulnerability that have been systematically exploited by non state adversaries This strategic behaviour creates a trade off forcing decision makers to have to choose between saving soldiers and civilians in target states Sebastian Kaempf examines the origin and nature of this dilemma and in a detailed analysis of the US conflicts in Somalia Afghanistan and Iraq investigates the ways the US has responded assessing the legal moral and strategic consequences Scholars and students of military and strategic studies international relations and peace and conflict studies will be interested to read Kaempf s analysis of whether the US or its adversaries have succeeded in responding to this central dilemma of contemporary warfare Civilian Protection in Armed Conflict Jelena Pejic, THE LIEBER STUDIES

SERIES.,Margaret Kotlik,2025-04-29 Protecting civilians who have fallen into enemy hands or are just about to come under the adversary s control is a constant challenge in the application of international humanitarian law IHL and the law of armed conflict LOAC Despite many decades of scholarship military operational practice and advocacy certain legal questions remain unresolved while others have been insufficiently examined or are newly emerging due to technological societal and cultural developments Civilian Protection in Armed Conflict explores a range of longstanding current and new legal and practical issues in the interpretation and application of IHL LOAC related to civilian protection The subjects selected are based on the experiences or observations of repeated dilemmas about the extent of legal protections owed and actually extended to civilians in military operations These include the protection of unprivileged belligerents and civilians in the invasion phase of international armed conflict the law underlying civilian screening operations and the challenges of setting up humanitarian corridors Responding to recent armed conflicts including in Ukraine Gaza and Sudan renewed attention is also paid to the rules governing deportation and forced conscription and to the evolving area of civilian data protection and extraterritorial data migration Developing interfaces between IHL LOAC and other legal regimes including environmental concerns gender considerations emerging technologies and forensic science considerations are likewise explored In all cases accountability for non respect of IHL LOAC remains a fundamental legal obligation **The Shaken Lands** Tomas Balkelis,Andrea

Griffante,2023-04-25 The volume focuses on violence during the breakdown of East Central European states brought by one of the most violent periods in modern European history from the start of the Great War in 1914 until 1923 when Europe finally achieved peace after a series of civil conflicts and interstate wars The contributors offer several case studies that cover the vast region stretching from the Baltic states to Hungary They explore different types of violence against its civilian populations with a particular focus on communal violence committed by civilians onto their neighbors They suggest that disintegration of state power brought by the Great War was a key condition that produced violence Yet the process of post WWI state building was equally or more violent as nascent East Central European states institutionalized the use of violence to achieve their political agendas Weaponizing Civilian Protection Thomas Gregory,2025-01-18 Weaponizing Civilian Protection exposes how coalition efforts to minimize and mitigate civilian casualties during the recent conflict in Afghanistan

also worked to rationalize the harm inflicted upon Afghan civilians Drawing on declassified documents and interviews with coalition officials it traces how civilian protection was reimagined as a martial tactic rather than a humanitarian imperative with coalition officials reframing civilian casualties as strategic setbacks that could imperil the entire mission This book examines the restrictions that coalition officials imposed on combat operations to minimize unnecessary harm to civilians whilst showing how these restrictions served to constitute civilian casualties as necessary in certain situations rendering their lives losable and their deaths ungrievable At the same time it examines the post incident mitigation measures coalition officials used to prevent civilian casualties becoming strategic setbacks including the condolence payments that were offered when civilians were harmed Rather than seeking to make amends for the harm inflicted upon them it claims that these post incident mitigation measures are best characterized as a necropolitical device concerned with managing mortality more effectively Crucially *Weaponizing Civilian Protection* shows that co-opting civilian protection into a martial logic that is more concerned with winning wars than protecting the civilian population works to devalue and dehumanize civilians leaving them more vulnerable to death and destruction in future conflicts

War Is Hell Daniel E. Long, 2025-11-18 From Napoleon to nuclear war *War Is Hell* unravels the brutal rise of total war and its devastating impact on soldiers and civilians alike General William Tecumseh Sherman said it best during the American Civil War War is hell for soldiers as well as for civilians As a pioneer and practitioner of total war Sherman knew better than most what warfare had become by the middle of the nineteenth century how it had become a devastating all consuming affair that aimed not only at armies but also at societies and economies in order to undermine a country's will to fight Indeed this is the central story of warfare during the past two hundred years from Napoleon's massive armies tearing through Europe and Sherman's march through Georgia to the fire bombings of World War II and the threat of nuclear annihilation In *War Is Hell* Daniel Long tracks the rise of total war across two centuries of bloody warfare and pays special attention to the impact on civilians as they become more deeply enmeshed in armed conflict and as war becomes ever more lethal Total war rose from roots in ancient times but gained speed as the world industrialized at the beginning of the nineteenth century It is the story of Napoleon and Sherman the Indian Wars on the American Plains the Rape of Belgium in World War I and the Rape of Nanking in 1937 and the bombings of Japanese and German cities during World War II In the years since 1945 large scale war has declined but the small wars that have proliferated in its place have enmeshed civilians just as thoroughly just as devastatingly Vietnam Cambodia the Iran Iraq War Bosnia and Kosovo Rwanda and Ukraine remind us that warfare remains total the human cost high *War Is Hell* is essential reading for understanding the past as well as a present

Why They Die Daniel Rothbart, Karina Korostelina, 2011-06-22 Why do civilians suffer most during times of violent conflict Why are civilian fatalities as much as eight times higher calculated globally for current conflicts than military fatalities In *Why They Die* Daniel Rothbart and Karina V Korostelina address these questions through a systematic study of civilian devastation in violent conflicts Pushing aside the simplistic

definition of war as a guns and blood battle between two militant groups the authors investigate the identity politics underlying conflicts of many types During a conflict all those on the opposite side are perceived as the enemy with little distinction between soldiers and civilians As a result random atrocities and systematic violence against civilian populations become acceptable Rothbart and Korostelina devote the first half of the book to case studies deportation of the Crimean Tatars from the Ukraine genocide in Rwanda the Lebanon War and the war in Iraq With the second half they present new methodological tools for understanding different types of violent conflict and discuss the implications of these tools for conflict resolution

State Domination and the Psycho-Politics of Conflict Daniel Rothbart, 2019-03-21 This book offers a detailed study of the psycho politics of governmental manipulation in which a vulnerable population is disciplined by contorting their sense of self worth In many conflict settings a nation s government exerts its dominance over a marginalized population group through laws policies and practices that foster stark inequality This book shows how such domination comes in the form of systems of humiliation orchestrated by governmental forces This thesis draws upon recent findings in social psychology conflict analysis and political sociology with case studies of governmental directives verdicts policies decisions and norms that when enforced foster debasement disgrace or denigration One case centers on the US immigration laws that target vulnerable population groups while another focuses on the ethnic discrimination of the central government of Sudan against the Sudanese Africans The book s conclusion focuses on compassion motivated practices that represent a counter force to government sponsored strategies of systemic humiliation These are practices for building peace by professionals and non professionals as a positive response to protracted violence This book will be of much interest to students of peace and conflict studies sociology psychology ethics philosophy and international relations

Alternative Press Index ,2003 **AHA Perspectives** ,1984 *Perspectives* ,1985 *Congressional Record* United States. Congress,1977 *Who's who in American Law* ,2007 **Arts & Humanities Citation Index** ,1981 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world s leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals

Who's Who in America Marquis Who's Who, Inc,2002 *Targeting Civilians* Thomas Daniel Donegan,2004 *Small Wars, Big Data* Eli Berman,Joseph H. Felter,Jacob N. Shapiro,2018-06-12 How a new understanding of warfare can help the military fight today s conflicts more effectively The way wars are fought has changed starkly over the past sixty years International military campaigns used to play out between large armies at central fronts Today s conflicts find major powers facing rebel insurgencies that deploy elusive methods from improvised explosives to terrorist attacks *Small Wars Big Data* presents a transformative understanding of these contemporary confrontations and how they should be fought The authors show that a revolution in the study of conflict enabled by vast data rich qualitative evidence and modern methods yields new insights into terrorism civil wars and foreign interventions Modern warfare is not about struggles over territory

but over people civilians and the information they might choose to provide can turn the tide at critical junctures The authors draw practical lessons from the past two decades of conflict in locations ranging from Latin America and the Middle East to Central and Southeast Asia Building an information centric understanding of insurgencies the authors examine the relationships between rebels the government and civilians This approach serves as a springboard for exploring other aspects of modern conflict including the suppression of rebel activity the role of mobile communications networks the links between aid and violence and why conventional military methods might provide short term success but undermine lasting peace Ultimately the authors show how the stronger side can almost always win the villages but why that does not guarantee winning the war Small Wars Big Data provides groundbreaking perspectives for how small wars can be better strategized and favorably won to the benefit of the local population

Learning the Lessons of Modern War Thomas G. Mahnken, 2020-06-16 Learning the Lessons of Modern War uses the study of the recent past to illuminate the future More specifically it examines the lessons of recent wars as a way of understanding continuity and change in the character and conduct of war The volume brings together contributions from a group of well known scholars and practitioners from across the world to examine the conduct of recent wars in Iraq Afghanistan the Middle East South America and Asia The book s first section consists of chapters that explore the value of a contemporary approach to history and reflect on the value of learning lessons from the past Its second section focuses on the wars in Iraq and Afghanistan Chapters on Iraq discuss the lessons of the Iraq War the British perspective on the conflict and the war as seen through the lens of Saddam Hussein s military Chapters on Afghanistan discuss counterinsurgency operations during the war Britain s experience in Afghanistan raising and training Afghan forces and U S interagency performance The book s third section examines the lessons of wars involving Russia Israel Sri Lanka the Philippines Georgia and Colombia It concludes by exploring overarching themes associated with the conduct of recent wars Containing a foreword by former National Security Advisor Lieutenant General H R McMaster Learning the Lessons of Modern War is an indispensable resource for international relations and security studies scholars policymakers and military professionals

Civilians And Modern War By Daniel Rothbart Introduction

In the digital age, access to information has become easier than ever before. The ability to download *Civilians And Modern War* By Daniel Rothbart has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download *Civilians And Modern War* By Daniel Rothbart has opened up a world of possibilities. Downloading *Civilians And Modern War* By Daniel Rothbart provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading *Civilians And Modern War* By Daniel Rothbart has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download *Civilians And Modern War* By Daniel Rothbart. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading *Civilians And Modern War* By Daniel Rothbart. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading *Civilians And Modern War* By Daniel Rothbart, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites.

they are downloading from. In conclusion, the ability to download Civilians And Modern War By Daniel Rothbart has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Civilians And Modern War By Daniel Rothbart Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Civilians And Modern War By Daniel Rothbart is one of the best book in our library for free trial. We provide copy of Civilians And Modern War By Daniel Rothbart in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Civilians And Modern War By Daniel Rothbart. Where to download Civilians And Modern War By Daniel Rothbart online for free? Are you looking for Civilians And Modern War By Daniel Rothbart PDF? This is definitely going to save you time and cash in something you should think about.
