

CONTRACTING OFFICER REPRESENTATIVE (COR) DESKGUIDE

1. Overview.

a. In short, contracting officer representatives (COR) are qualified individuals appointed by the Contracting officer (KO) to assist in the technical monitoring or administration of a contract. Although CORs can be employed on all types of contracts, they are extremely useful in the more complex services, supply, and/or construction contracts. However, you must keep in mind that the use of CORs does not alleviate the need for a full time contracting professional to monitor contract surveillance and manage the contract management team.

b. COR's should be identified by the requiring activity at the time the procurement package is received by the KO. By using the term "identified," this does not mean just telling us the COR's name, the nomination must include the nominee's qualifications. Actually, it is highly recommended that the COR actually be involved in the acquisition process, i.e., assisting in the development of the technical requirements, the quality assurance plan, and any other pre-award activities. This ensures that the COR is extremely familiar with the requirements of the contract.

c. Not everyone can be a COR. CORs have to be a Government employee (either military or civilian) and they must possess the necessary qualifications (training) and experience commensurate with the responsibilities delegated to them. As far as training, the COR should have successfully completed the formal COR course sponsored by the Army Logistic Management College or an equivalent. A possible equivalent is the new internet-based COR course developed by the Federal Acquisition Institute. This course encourages self-development by CORs and is available at "<http://www.faionline.com>".

d. If you anticipate utilizing a COR on a procurement, then you should include the clause at 252.201-7000, Contracting Officer's Representative, in the solicitation and resultant contract.

2. Selection, Appointment, & Termination.

a. A COR is selected/nominated by the requiring activity and then formally appointed to the contract by the KO. Prior to the formal appointment, the KO has to consider the ability, training, and experience of COR designees and shall assure that designees are appropriately qualified to act as their authorized representatives. All CORs should complete the ALMC training or equivalent (FAI internet-based course) prior to being issued a letter of appointment.

b. Each designation of a COR shall be in writing (by name and position title) and clearly define the scope and limitations of the COR's authority (See paragraph 5 for a sample COR designation letter). Appointment letters, at a minimum, include the following:

- (1) The Name, including rank or grade, and full mailing address of the COR;
- (2) The extent of the COR's authority to act on behalf of the contracting officer;
- (3) The limitations on the COR's authority;
