**Environmental Information in Instructions for Use of Consumer Products** Ari Nissinen, 2005-03-11 The European Union has highlighted the issue of environmentally sound use of products in the context of Integrated Product Policy IPP Accordingly consumers should have easy access to understandable relevant and credible environmental information Information about product characteristics is available in different forms and sources but in many cases relevant environmental information is not available on the product itself The study described in this report was initiated in order to produce information on the state of user instructions regarding environmental information User manuals of passenger cars and refrigerators were focused on examining the advice which could diminish the harmful environmental effects of the use of these products Other studied products included such durable products as textiles and furniture as well as such consumables as cleaning chemicals and recyclable paper products The study raised many ideas about actions that could promote the status and eco development of instructions for use Automotive Industries, the Automobile ,1923 **Automotive Industries** ,1922 *The Automotive Gray Market* John B. Hege, 2022-04-05 In the 1970s as car enthusiasts in the U S grew bored with models manufactured under tightening pollution and safety regulations some innovative dealers exploited a legal loophole designed to allow U S soldiers and diplomats to return from abroad with their vehicles to import exotic cars never intended for sale in America During the 1980s a rise in the value of the dollar made car shopping in Europe a bargain hunter's dream A network of unauthorized gray market importers and conversion shops emerged bypassing factory channels and retrofitting cars to meet U S regulations and emission standards at least in theory These cars had to pass through U S customs a system equipped to handle only a few independent imports annually As applications ballooned the regulatory system collapsed This is the story of a misunderstood but fascinating period in the automotive industry when creative importers found ways to put American motorists in new Ferraris while the EPA and DOT were backed up with mounds of paperwork *Cars & Parts* ,1985-11 **User's Manual to the International Annual Reports Collection** ,1988
