Crimes Against Humanity Rolf A. F. Witzsche, 2003 [Crimes Against Humanity](#) Geoffrey Robertson, 2013-02-05 When it was first published in 1999 **Crimes Against Humanity** called for a radical shift from diplomacy to justice in international affairs In vivid non legalese prose leading human rights lawyer Geoffrey Robertson made a riveting case for holding political and military leaders accountable in international courts for genocide torture and mass murder Since then fearsome figures such as Charles Taylor Laurent Gbagbo and Ratko Mladic have been tried in international criminal

court and a global movement has rallied around the human rights framework of justice Any such legal framework requires constant evolution in order to stay relevant and this newly revised and expanded volume brings the conversation up to date In substantial new chapters Robertson covers the protection of war correspondents the problem of piracy crimes against humanity in Syria nuclear armament in Iran and other challenges we are grappling with today He criticizes the Obama administration's policies around targeted killing and the trials of Khalid Sheikh Mohammed and other high value detainees By rendering a complex debate accessible Robertson once again provides an essential guide for anyone looking to understand human rights and how to work toward a more complete blueprint for justice *Boss Up!* Lindsay Teague
