The Smyslov Workbook Carsten Hansen, Cyrus Lakdawala, 1900 In this book the authors aim to assist the reader in becoming better at finding combinations constructing plans and calculating long forcing variations For the purpose of instruction the material is based on the output of former World Champion Vassily Smyslov 1921-2010 using his endgame compositions from various works and publications as well as several of his practical endgames from games from tournaments and matches throughout his career against players such as Mikhail Botvinnik Paul Keres Bent Larsen Efim Geller Tigran Petrosian and several other world class players

The Carlsen Variation - A New Anti-Sicilian Carsten Hansen, 2020 Rattle your opponents from the get go How do you change the Sicilian Defense in your favor The Sicilian Defense 1 e4 c5 contains countless variations and sub variations that have been discussed in detail at all levels of play for many years Even small specialized systems have been covered in exhaustive detail in book after book That is why this book is unique The Carlsen Variation which arises after 1 e4 c5 2 Nc3 d6 3 d4 cxd4 4 Qxd4 has never previously been covered in detail before The variation was uncorked by World Champion Magnus Carlsen in 2018 and has since been played by several other top grandmasters such as Fabiano Caruana Hikaru Nakamura and several others Yet despite this attention the theory of the variation is largely unexplored and this book aims to set this discrepancy straight Main lines are established and carefully analyzed with hundreds of new ideas and improvements suggested along the way For the reader this book is an excellent resource to get the opponent out of their opponent's book into our book Time to have some fun in the Sicilian enjoy

Opening Repertoire: Cyrus Lakdawala, Neil McDonald, 2019-06-04 These days the move 1 d4 is often used as the precursor to quieter opening choices such as the London System the Colle System or the Trompovsky In this book the highly experienced chess author and coach Cyrus Lakdawala goes back to basics outlining an aggressive repertoire for White based on 1 d4 following up with the traditional 2 c4 The emphasis of the repertoire is to gain space as quickly as possible and set Black the task of finding quick counterplay or face the risk of being overrun Lakdawala recommends lines with f2 f3 against the Nimzo Indian the Petrosian System against the King's Indian and the Flick Knife f4 with Bb5 against the Benoni With thorough explanations on pawn structures and piece placement this book provides insight to both strong masters and less experienced players alike The format is ideal for the chessplayer keen to improve their game While reading you are continually challenged to answer probing questions a method that greatly encourages the learning and practising of

vital skills just as much as the traditional assimilation of chess knowledge Carefully selected questions and answers are designed to keep you actively involved and allow you to monitor your progress as you learn Presents a powerful aggressive repertoire starting at move one Thorough explanations of typical pawn structures and piece manoeuvres Utilizes an ideal approach to chess study

How to Out-Prepare Your Opponent Jeroen Bosch, 2022-06-23 The number of hours you can spend on opening preparation is endless Books videos and databases offer hundreds of ever widening variations But how do you find your way through this labyrinth Where do you start And maybe even more importantly where do you stop International Master Jeroen Bosch provides a solution to those answers He presents a structured approach to the study of openings and the preparation for a club match or a tournament game Every time strapped chess improver will love Bosch s approach instead of studying more hours or memorizing more lines he advises you to start making smart choices The goal is not to reach a slight advantage in every possible line The goal is to dictate what will happen on the board You want to get a position you understand and are happy to play and make your opponent feel uncomfortable Jeroen Bosch provides you with all the tools you need to dominate the opening phase of the game how to use move order and how to use tactics He explains when to play a main line when to come up with an opening surprise or when to risk a gambit And much much more

The Hungarian Dragon Junior Tay, The Hungarian Dragon 1 e4 c5 2 Nf3 d6 3 d4 cxd4 4 Nxd4 Nf6 5 Nc3 g6 6 Be3 Nc6 7 f3 h5 is a creative and resourceful way of dealing with White s dangerous Yugoslav Attack to the Sicilian Dragon With the line s endorsement by the creative Hungarian Grandmaster Richard Rapport in the World Blitz Championships 2021 the line is now receiving the scrutiny of Dragon exponents In this book FIDE Candidate Master and ICCF Senior International Master Junior Tay explains this dangerous creature s concepts tactics strategic nuances and theory using model examples and analytical positions

Caruana: Cyrus Lakdawala, 2018-11-07 Italian American grandmaster Fabiano Caruana is the perfect role model for any aspiring player Already a very strong grandmaster he announced his presence as a leading contender for the world title in 2014 when he scored an incredible 8 10 including seven straight wins from the first seven games in the Sinquefeld Cup in St Louis This was an elite event where he finished an astonishing three points clear of Magnus Carlsen whom he will challenge for the world title in late 2018 Caruana earned this right thanks to his fine victory in the Berlin Candidates where he scored 9 13 and finished a point clear of a world class field Caruana s style is universal He is a very dangerous attacking player who is also equally at home in quiet strategic positions or manoeuvring in an endgame In this respect he is the epitome of the modern grandmaster being a hard working and determined fighter who prepares thoroughly and plays with great determination and accuracy The Move by Move series provides an ideal format for the keen chessplayer to improve their game While reading you are continually challenged to answer probing questions a method that greatly encourages the learning and practising of vital skills just as much as the traditional assimilation of chess knowledge Carefully selected questions and answers are designed to keep you actively involved and allow you to monitor your progress as you learn This is

an excellent way to study chess while providing the best possible chance to retain what has been learnt Endgame Virtuoso Magnus Carlsen Tibor Karolyi, 2018-07-20 Magnus Carlsen's brilliant endgame play has been one of the key reasons for his success. At the age of 13 the Norwegian became the youngest grandmaster in the world, at 19 the youngest number one in the FIDE world rankings and at 22 the second youngest World Champion in history. With his fine technique, great inventiveness, an iron determination, Magnus has won countless endgame positions in which almost everyone else would have settled for a draw. He also has saved endgames that seemed impossible to hold. International Master Tibor Karolyi has studied Carlsen's career and selected more than 90 of his best endgames. He reviews them in chronological order to show how Magnus developed his skills. His technique and his choices are being explained in a manner that is easy to understand for club players. Endgame Virtuoso Magnus Carlsen will help you to appreciate Magnus' endgame magic and shows you how to become a better endgame player yourself. A highly instructive, inspiring and entertaining book **Nepomniachtchi** Cyrus Lakdawala, 2021-11-01 Ian Nepomniachtchi, challenger to Magnus Carlsen's World Championship title in 2021, is an outstanding chess talent. Nepo, as he is universally known, is a fascinating player, and this book assesses his career and analyses his original and creative style in great depth, with numerous deeply annotated games. Nepo is one of the very few players in the world to hold, at least prior to the match, a plus score: four wins to one with six draws against Carlsen in classical chess. Nepo and Carlsen are peers and first started playing each other in the Under 12 category of the World Youth Championship in 2002. In that event, Nepo edged out Carlsen on tie break. At that time, he out-rated Carlsen by 100 points and was generally considered to be the more promising of the two prodigies. Nepo is a fascinating player who loves open and irrational positions and excels when on the attack. Unsurprisingly, he cites Mikhail Tal as his all-time favorite player and says Tal is the player who has exerted the greatest influence on him. As with that great Latvian genius, Nepo thrives on anarchy and chaos and has frequently got the better of Carlsen in games with mind-boggling complications. He is also lethal when he has the initiative. Nepo has steadily climbed the world rankings, and his finest achievement was his victory in the 2020/2021 Candidates tournament with 8 1/2 points (5 2 7) which gave him the right to challenge Carlsen for the world title Carlsen Cyrus Lakdawala, 2014-11-07 Despite his relatively young age, Magnus Carlsen has already secured his place in chess history as a legend of the game. In a short space of time, his accomplishments have been extraordinary. In December 2012, he broke Garry Kasparov's record to become the highest-rated chess player of all time. He followed up this achievement in 2013 by defeating Vishy Anand to become World Chess Champion. Carlsen's universal style, positional mastery, and incredible mental strength add up to make him a formidable opponent. In this book, former American Open Champion Cyrus Lakdawala invites you to join him in a study of his favourite Carlsen games. Lakdawala examines Carlsen's skills in attack and defence, exploiting imbalances, accumulating advantages, and endgame play, and shows us how we can all improve by learning from Carlsen's masterpieces. Move by Move provides an ideal platform to study chess. By continually challenging the reader to answer

probing questions throughout the book the Move by Move format greatly encourages the learning and practising of vital skills just as much as the traditional assimilation of knowledge Carefully selected questions and answers are designed to keep you actively involved and allow you to monitor your progress as you learn This is an excellent way to improve your chess skills and knowledge Learn from the games of a world champion Important ideas absorbed by continued practice Utilizes an ideal approach to chess study

Tactical Training Cyrus Lakdawala,2021-04-01 It is hard to understate the importance of tactic ability to overall chess proficiency Of course other elements such as a knowledge of opening play and an understanding of strategy are also important However it is undoubtedly the case that 99% of games are won or lost because one player either spots or overlooks a tactic Consider your own games and just imagine how much stronger you would be if you never overlooked a tactical idea The good news is that your tactical ability is not some genetically acquired unalterable trait Tactical ability can always be improved through the application of diligent practice Tactical themes are repetitive The same arrangements of pieces occur again and again and a continual study of the subtle interactions between the forces will inevitably lead to a greater sharpness in actual play In Tactical Training experienced chess coach and prolific author Cyrus Lakdawala guides the reader through numerous tactical themes Topics include Checkmating patterns The 32 major combinational concepts Numerous positions ranked in terms of level of difficulty The final chapter focuses on a 2020 online match between Magnus Carlsen and Hikaru Nakamura currently the top two ranked players in blitz the form of chess where tactics predominate

Lasker Zenón Franco,2018-11-15 Lasker was essentially a complete chessplayer and his games feel thoroughly modern Indeed many contemporary elite players the most obvious one being the current world champion Magnus Carlsen exhibit a very similar style

Ivanchuk: Junior Tay,2015-05-07 Vassily Ivanchuk has been one of the World s leading chess players for over two decades He announced his arrival as a 21 year old when he defeated Garry Kasparov on the way to winning the Linares Super Grandmaster event In a distinguished career he has won countless elite tournaments and was a FIDE World Championship finalist Ivanchuk is considered by many contemporaries to be a chess genius and he has acquired a huge fan base that delights in his enterprising and creative play His original style has helped to create games full of brilliant attacking chess and masterful strategy In this book Junior Tay invites you to join him in a study of his favourite Ivanchuk games and shows us how we can all improve by learning from Ivanchuk s masterpieces Move by Move provides an ideal platform to study chess By continually challenging the reader to answer probing questions throughout the book the Move by Move format greatly encourages the learning and practicing of vital skills just as much as the traditional assimilation of knowledge Carefully selected questions and answers are designed to keep you actively involved and allow you to monitor your progress as you learn This is an excellent way to improve your chess skills and knowledge

The Benko Gambit: Junior Tay,2014-05-20 This series provides an ideal platform to study chess openings By continually challenging the reader to answer probing questions throughout the book the Move by Move format greatly encourages the learning and

practising of vital skills just as much as the traditional assimilation of opening knowledge Carefully selected questions and answers are designed to keep you actively involved and allow you to monitor your progress as you learn This is an excellent way to study any chess opening and at the same time improve your general chess skills and knowledge The Benko Gambit is a popular choice for those who like to seize the initiative as Black For the price of a pawn Black gets tremendous queenside pressure and puts White on the defensive early in the game Players are attracted by the fact that Black s plans are so clear cut while White is often reduced to simply dealing with Black s threats In this book Benko expert Junior Tay invites you to join him in studying his favourite opening He examines the main plans for both sides provides a repertoire for Black and answers all the key questions Magnus Wins With White Zenon Franco,2020-08 In Magnus Wins With White Grandmaster Zenon Franco deeply analyses 32 of Magnus Carlsen s most instructive games where he wins with the white pieces This book is written in move by move style a good training tool containing exercises and tests This format is a great platform for studying chess improving both skills and knowledge as the reader is continually challenged to find the best moves and the author provides answers to probing questions throughout Most of the games are taken from Magnus s recent career including one from 2020 and eight from 2019 His opponents are nearly all super grandmasters and they include former world champions Viswanathan Anand and Vladimir Kramnik as well as Wesley So Maxime Vachier Lagrave Alexander Grischuk Levon Aronian Boris Gelfand and naturally Anish Giri In the majority of these games Magnus demonstrates his ability to outplay his opponents in the middlegame by simply making stronger moves and applying constant pressure that eventually forces the opponent to crack and play weaker moves In some games however this takes place in the endgame A second book Magnus Wins With Black is forthcoming With a foreword by Magnus Carlsen s Chief Second and Coach Peter Heine Nielsen

Magnus Carlsen for Dummies Lyudmil Tsvetkov,2021-08-10 The book presents 30 games of the Norwegian chess champion Magnus Carlsen from his earlier career annotated move by move The comments are short and easy avoiding concrete variations so everyone can understand the deeper logic behind the play of Carlsen Ideal for people wishing to learn more about the famed Norwegian champion the book is also ideal for those wishing to learn more about the deeper implementations of chess strategy without going into too much detail Your Chess Battle Plan Neil McDonald,2020-03-16 Many players are serious about their chess but become stuck at a certain playing strength It s rarely a lack of talent or practice or opening knowledge that holds them back Usually they get left behind because they don t know how to make best use of the time they have available to study chess This book addresses this problem and is your self improvement plan It shows you how to work on your own games to root out mistakes It will sharpen your calculation of variations You will be challenged to find the best middlegame strategy Endgame technique is also covered in detail All topics are discussed with numerous examples and puzzles from the games of modern players such as Magnus Carlsen Fabiano Caruana and Viswanathan Anand If you want your chess to leap forward it s time to Coach Yourself A complete self improvement
