Carlson's Marine Raiders Makin Island:

Carlson's Marine Raiders Gordon L. Rottman, 2014-06-17 After the Guadalcanal landings Admiral Nimitz wanted to distract Japanese attention by launching an amphibious raid elsewhere. Foreshadowing Bloody Tarawa, Iwo Jima, Okinawa, and countless other landings in the face of intense Japanese resistance, the Makin Raid taught the Marines a great deal. Featuring specially commissioned full color artwork and expert analysis, this gripping account of the fateful Makin Raid tells the whole story from the plan's conception to its troubled execution and aftermath. On August 17-18, 1942, 211 men of the US Marine Corps 2nd Raider Battalion conducted a daring amphibious raid on the Japanese-occupied Makin Island in the South Pacific. This ambitious but flawed operation was intended to divert Japanese reinforcements bound for Guadalcanal over 1,000 miles to the southwest. In the wake of the US landings there ten days earlier, the Raiders were to destroy the seaplane base and radio station, take prisoners, and collect intelligence. Although yielding limited results, it was to be an invaluable test of the innovative training and tactics employed by the Raiders and a crucial boost to national morale at this difficult stage in the war. Lieutenant Colonel Evans F. Carlson led the 2nd Raiders into battle, drawing inspiration from the exploits of the British Commandos. Carlson had developed his unorthodox theories on the use of regular troops for guerrilla operations in close collaboration with his Executive Officer, Major James Roosevelt, the President's oldest son. Carlson stressed infiltration tactics and an egalitarian approach to leadership and decision making, and believed passionately in ethical indoctrination as a means of motivating his men. His controversial techniques would be tested to the utmost by the escalating situation on Makin Island. The raid was hailed as a valorous exploit that greatly upset Japanese plans. There is little doubt that the troops gave their best under exceedingly difficult circumstances, but the battalion's leadership was found wanting. No Japanese reinforcements were diverted from Guadalcanal; the mission's goals were questionable, and the planners had not considered the likely long-term enemy response. In fact, the Japanese immediately implemented plans to reinforce remote bases that came under attack and massively increased the defenses of Makin and Tarawa Atolls, which had to be dealt with at great cost 15 months later. While the raid boosted morale at home, the Raiders would attempt no further similar submarine-delivered raids. *Carlson's Raid* George W. Smith, 2001 With Major Jimmy Roosevelt, the President's son, their second in command, the 2nd Marine Raider Battalion's daring raid on Makin was sure to make headlines during World War II. But in this informative history, Smith shows that the raid had unfortunate consequences in the long run. 32 photos, Maps. **American Commando** John Wukovits, 2009-06-02 Before the Green Berets, Before the Navy SEALs, Before the Army Rangers, There was the Long Patrol. November 1942, in the hellish combat zone of Guadalcanal, one man would make history. Lt. Col. Evans Carlson was considered a maverick by many of his comrades and an outright traitor by others. He spent years observing guerrilla tactics all over the world and knew that those tactics could be used effectively by the Marines. Carlson and an elite fighting force, the 2nd Raider Battalion, embarked upon a thirty-day mission behind enemy lines where they disrupted Japanese supplies, inflicted a string of

defeats on the enemy in open combat and gathered invaluable intelligence on Japanese operations on Guadalcanal And in the process they laid the foundation for every branch of Special Forces in the modern military Here for the first time is a riveting account of one man one battalion and one mission that would forever change the ways of warfare **Forgotten Raiders of '42** Tripp Wiles,2007 On October 16 1942 on Kwajalein Atoll at the fringe of the Japanese Empire members of the Imperial Japanese Navy s 6th Base Unit ceremonially beheaded nine Marines from the 2nd Raider Battalion The captives held no hopes for pardon or for rescue as they walked blindfolded one by one to the spot of execution which also became their burial site The Marine Corps and their families already thought they were dead the men knew Forgotten Raiders of 42 is the account of how these volunteer patriots unbeknownst to their command were inadvertently left behind after the Marines raid on Makin Island in August 1942 The raid which was a morale boost for the Navy Department and the American public was hailed at home as a great success even as the condemned Raiders knelt to await their fate The heroism of the Raiders under the command of Lt Col Evans F Carlson who later received the Navy Cross has been well documented by the press in books and in Hollywood In a country craving good news and heroes Carlson and the Navy delivered The details of the raid s shaky beginning and tragic end however would not be known until many years later After a summary of the dramatic raid Tripp Wiles focuses on the Raiders withdrawal from Makin and on Carlson s decisions that directly affected the men who were left behind Wiles also examines the actions inactions and conditions that led to their unintentional abandonment Finally he reviews the Navy s private reactions and using new documents and interviews the Raiders fate bringing a measure of closure to the disappearance and execution of the forgotten Raiders Evans Carlson, Marine Raider Duane P. Schultz,2014 On August 17 1942 ten days after American marines had stormed Guadalcanal in the Solomon Islands two U S submarines secretly delivered a small force from the newly formed 2nd Marine Raider Battalion to Japanese occupied Makin Island one thousand miles to the north The raid was intended to gather intelligence and divert attention from the main American attack to the south News of the success of this special operation took hold of the American imagination and provided a much needed boost to morale The battalion s leader was Evans Carlson a forty six year old career marine officer who had most recently served in China as a military observer Carlson was also a friend of President Franklin D Roosevelt and he had proposed to him the creation of a small elite raider force similar to the British Commandos Having accompanied Chinese guerrillas in their war against Japan Carlson incorporated some of their tactics into his raider training including a method of esprit de corps called gung ho a word still used today for loyal enthusiasm **Last Stands from the Alamo to Benghazi** Frank Wetta,Martin Novelli,2016-12-08 Last Stands from the Alamo to Benghazi examines how filmmakers teach Americans about the country s military past Examining twenty three representative war films and locating them in their cultural and military landscape the authors argue that Hollywood s view of American military history has evolved in two phases The first phase extending from the very beginnings of filmmaking to the Korean War projected an essential patriotic triumphalism The

second phase from the Korean and Vietnam Wars to the present reflects a retreat from consensus and reflexive patriotism In describing these phases the authors address recurring themes such as the experience of war and combat the image of the American war hero race gender national myths and more With helpful film commentaries that extend the discussion through popular movie narratives this book is essential for anyone interested in American military and film history **Fortitudine**,1989 **World War II** Spencer C.
