The Civil War Begins

By the 1800s, the United States was deeply divided over slavery. The Northern states did not want slavery to spread, while many Southern states depended on it for their farms and plantations. The disagreement grew so serious that in 1860, when Abraham Lincoln was elected president, some Southern states decided to secede, or break away, from the Union. They formed their own government called the Confederacy.

The Civil War officially began on April 12, 1861, when Confederate soldiers fired on Fort Sumter, a Union fort in South Carolina. After a day and a half of fighting, the Union soldiers surrendered the fort. The news of the battle spread quickly, and more states joined the Confederacy.

President Lincoln called for volunteers to fight for the Union, and thousands of men signed up. Families across the country worried as fathers, brothers, and sons prepared to go to war. People realized that this would not be a quick or easy fight.

The beginning of the Civil War marked a turning point in American history. The nation was now split in two, and both sides were willing to fight for what they believed in. The war would last four long years and become one of the most difficult times in the nation's history.

Gould, 2011 When the Civil War began in April of 1861 both the Union and Confederacy entered the conflict with excitement Each side expected to quickly defeat the other side in a short glorious battle Sixteen months later the realities of war had shocked both sides By the fall of 1862 both sides were badly battered

The Civil War Begins Jennifer M. Murray, 2012 Although over one hundred fifty years have passed since the start of the American Civil War that titanic conflict continues to matter The forces unleashed by that war were immensely destructive because of the significant issues involved the existence of the Union the end of slavery and the very future of the nation The war remains our most contentious and our bloodiest with over six hundred thousand killed in the course of the four year struggle Most civil wars do not spring up overnight and the American Civil War was no exception The seeds of the conflict were sown in the earliest days of the republic's founding primarily over the existence of slavery and the slave trade Although no conflict can begin without the conscious decisions of those engaged in the debates at that moment in the end there was simply no way to paper over the division of the country into two camps one that was dominated by slavery and the other that sought first to limit its spread and then to abolish it Our nation was indeed half slave and half free and that could not stand Regardless of the factors tearing the nation asunder the soldiers on each side of the struggle went to war for personal reasons looking for adventure being caught up in the passions and emotions of their peers believing in the Union favoring states rights or even justifying the simple schoolyard dynamic of being convinced that they were worth three of the soldiers on the other side Nor can we overlook the factor that some went to war to prove their manhood This has been and continues to be a key dynamic in understanding combat and the profession of arms Soldiers join for many reasons but often stay in the fight because of their comrades and because they do not want to seem like cowards Whatever the reasons the struggle was long and costly and only culminated with the conquest of the rebellious Confederacy the preservation of the Union and the end of slavery These campaign pamphlets on the American Civil War prepared in commemoration of our national sacrifices seek to remember that war and honor those in the United States Army who died to preserve the Union and free the slaves as well as to tell the story of those American soldiers who fought for the Confederacy despite the inherently flawed nature of their cause The Civil War was our greatest struggle and continues to deserve our deep study and contemplation **The Civil War Begins, Opening Clashes, 1861 [Illustrated Edition]** Jennifer M.
