---

**Chapter Summary.** Western European industrialization fundamentally altered the nature of European overseas expansion. In previous times, Europeans sought desired material goods or moved against threats from external enemies. Industrialization brought new motives for expansion. Raw materials were needed to fuel industrial growth, and markets were required for its manufacturing production. Christian missionaries sought converts, but private initiative replaced state direction. Another change was that the increased power of the West made it fear European imperial rivalries more than indigenous opposition. Europeans had gained the capacity to push into and occupy territories once closed to them by disease or local resistance.

What were the Europeans seeking in expansion before the Industrial Revolution?

What did Europe need now?

What was the change in missionary outreach from earlier expansion to now?

Now that Europe didn't fear the Ottomans, who were the Europeans in competition with?

What allowed Europeans to penetrate inland in areas they had not been able to previously?

### **THE SHIFT TO LAND EMPIRES IN ASIA**

What was one of their tactics to conquering in Asia?

Why had European trade monopolies not colonized Asia and Africa?

What had been the #1 problem with Europe controlling what happened in their name?

### **PROTOTYPE: THE DUTCH ADVANCE ON JAVA**

What was the Dutch relationship with the Mataram kingdom in the 1620s?

How were they able to advance the position beyond the monopoly over spices?

### **PIVOT OF WORLD EMPIRE: THE RISE OF THE BRITISH RULE IN INDIA**

The British capture of India resembled what?

Who did the British rely on?

*Kindness Wars* Noel A. Cazenave, 2023-09-15 *Kindness Wars* rescues our understanding of kindness from the clutches of an intellectually and morally myopic popular psychology and returns it to the stage of big ideas in keeping with the important Enlightenment era debates about human nature and possibilities Cazenave conceptualizes kindness not just as a benevolent feeling a caring thought or a generous action but as a worldview a theory or an ideology that explains who we are and justifies how we treat others Here kindness wars refer to the millennia old kindness theory and ideological conflicts over what kind of societies humans can and should have The book's title denotes the two types of kindness wars it analyzes conflict over 1 whether to be kind or not i.e. the conflicts between kindness and other societal values and ideologies and 2 what it means to be kind i.e. the wars within kindness over different ideas as to what it means to be kind and to whom Using a conflict theoretical perspective *Kindness Wars* examines the history of the kindness concept its many struggles with opposing notions of our true nature and possibilities and what the lessons of that history and those battles offer us toward the development of a large robust and politically engaged conceptualization of kindness
