Chapter 26 Technology And Modern Life 1990s:

War in the Modern World since 1815 Jeremy Black, 2013-10-11 Conflict is central to human history. It is often the cause, course, and consequence of social, cultural, and political change. Military history therefore has to be more than a technical analysis of armed conflict. *War in the Modern World since 1815* addresses war as a cultural phenomenon, discusses its meaning in different societies, and explores the various contexts of military action.

The New Modernist Studies Reader Sean Latham, Gayle Rogers, 2021-01-28 Bringing together 17 foundational texts in contemporary modernist criticism in one accessible volume, this book explores the debates that have transformed the field of modernist studies at the turn of the millennium and into the 21st century. *The New Modernist Studies Reader* features chapters covering the major topics central to the study of modernism today, including Feminism, gender, and sexuality; Empire and race; Print and media cultures; Theories and history of modernism. Each text includes an introductory summary of its historical and intellectual contexts, with guides to further reading to help students and teachers explore the ideas further. Includes essential texts by leading critics such as Anne Anlin Cheng, Brent Hayes Edwards, Rita Felski, Susan Stanford Friedman, Mark Goble, Miriam Bratu Hansen, Andreas Huyssen, David James, Heather K. Love, Douglas Mao, Mark S. Morrisson, Michael North, Jessica Pressman, Lawrence Rainey, Paul K. Saint-Amour, Bonnie Kime Scott, Urmila Seshagiri, Robert Spoo, and Rebecca L. Walkowitz.

Always Reforming Craig D. Atwood, 2001 *Always Reforming* highlights the fact that in the modern era, the notion of heresy has fallen apart. Every church has been declared heretical at some time or other by another church, and it is not the role of the historian to decide who is right or wrong on doctrinal issues. Christians have adapted to sweeping social changes, including scientific discoveries and changing world views. This volume attempts to uncover some of the hidden dynamics of faith within the many ways in which other Christians have tried to live out the gospel in an uncertain world. It also demonstrates that all human institutions, including churches, change over time.
