Sourcebook of Family Theories and Methods Pauline Boss, William J. Doherty, Ralph LaRossa, Walter R. Schumm, Suzanne K. Steinmetz, 2008-11-19 Origins We call this book on theoretical orientations and methodological strategies in family studies a sourcebook because it details the social and personal roots i e sources from which these orientations and strategies flow Thus an appropriate way to preface this book is to talk first of its roots its beginnings In the mid 1980s there emerged in some quarters the sense that it was time for family studies to take stock of itself A goal was thus set to write a book that like Janus would face both backward and forward a book that would give readers both a perspective on the past and a map for the future There were precedents for such a project The Handbook of Marriage and the Family edited by Harold Christensen and published in 1964 the two Contemporary Theories about the Family volumes edited by Wesley Burr Reuben Hill F Ivan Nye and Ira Reiss published in 1979 and the Handbook of Marriage and the Family edited by Marvin Sussman and Suzanne Steinmetz then in production *Circling Marx: Essays 1980-2020* Peter Beilharz, 2020-12-07 Karl Marx circles us and we him This reflects the power of his legacy but it also indicates the nature of the intellectual process We move around objects of interest and insight working by successive approximations Peter Beilharz has been circling Marx for forty years This volume of essays expands the metaphor by working through three circles in the history of Marxism The first works with Marx the second with the classical legacy through to Bolshevism and western marxism the third steps closer to the present in thinkers such as Bauman Heller and Castoriadis Read together these essays represent a lifetime s engagement with Marx and his intellectual consequences *Beyond Bicentennial: Perspectives On Malays* Zainul Abidin Rasheed, Wan Hussin Zoohri, Norshahril Saat, 2020-07-24 The year 2019 marks Singapore s Bicentennial milestone since the arrival of Sir Stamford Raffles in Singapore in 1819 It was in anticipation of the arrival of the Bicentennial that this book Beyond Bicentennial Perspectives on Malays was initiated This book is a collection of articles from prominent individuals and academicians that touch not only on the 200 years since the arrival of Raffles but goes back much earlier 720 years earlier when Sang Nila Utama first set foot on the island in 1299 This book hopes to heighten the readers sense of history and to reflect upon how Singapore has journeyed over the last two centuries witnessing the perseverance trials challenges and efforts of Singaporeans and to see how the nation has gone through a transformation from a feudal setting to a cosmopolitan and multi racial society Prior to this book Majulah 50 Years of Malay Muslim Community in Singapore was published in 2016 when Singapore celebrated SG50 an initiative launched to celebrate the nation s 50 years of independence The book highlighted the progress the contributions and the challenges of the community for the past 50 years since Singapore s independence in 1965 Both books can be read hand in hand While Majulah 50 Years of Malay Muslim Community in Singapore called on the community to reflect on the past and to look ahead this book Beyond Bicentennial Perspectives on Malays calls on readers to reflect and re examine the position and contributions of the Malays to Singapore s history and its development as Singapore
