Gun Country Andrew C. McKevitt, 2023-09-18 Just as World War II transformed the United States into a global military and economic superpower so too did it forge the gun country America is today After 1945 war ravaged European nations possessed large surpluses of mass produced weapons and American entrepreneurs seized the opportunity to buy used munitions for pennies on the dollar and resell them stateside A booming consumer market made cheap guns accessible to millions of Americans and rates of gun ownership and violence began to climb Andrew C McKevitt tells the history of this gun boom through the dynamics of consumer capitalism and Cold War ideology the combination of which resulted in a vast number of Americans arming themselves to the teeth and centering their political identity on their guns When gun control legislation emerged in the 1960s many Americans accustomed to the unregulated postwar bounty of cheap guns and fearful of Soviet invasion domestic subversion and urban uprisings fiercely challenged it Meanwhile gun control groups were diverted from their abolitionist roots toward a conciliatory fundraising focused strategy that struggled to limit the stockpiling of firearms Gun Country recasts the story of guns in postwar America as one of Cold War and racial anxieties unfettered capitalism and exceptional violence that continues to haunt us to this day London Traffic Report Great Britain. Board of Trade, 1908 The New York Times Index , 1928
