Christian Vote Guide:

The Democratic Virtues of the Christian Right Jon A. Shields, 2009-02-22 Jon Shields argues that religious conservatives have in fact dramatically increased and improved democratic participation and that they are far more civil and reasonable than is commonly believed from publisher description

Financing the 1996 Election, 1999 The Secular and the Sacred William Safran, 2004-08-02 What is the place of religion in modern political systems This volume addresses that question by focusing on ten countries across several geographic areas Western and East Central Europe North America the Middle East and South Asia These countries are comparable in the sense that they are committed to constitutional rule have embraced a more or less secular culture and have formal guarantees of freedom of religion Yet in all the cases examined here religion impinges on the political system in the form of legal establishment semi legitimation subvention and or selective institutional arrangements and its role is reflected in cultural norms electoral behaviour and public policies The relationship between religion and politics comes in many varieties in differing countries yet all are faced with three major challenges modernity democracy and the increasingly multi ethnic and multi religious nature of their societies

The Disappearing God Gap? Corwin Smidt, Kevin den Dulk, Bryan Froehle, James Penning, Stephen Monsma, Douglas Koopman, 2010-02-08 After the reelection of George W Bush in 2004 the God Gap became a hotly debated political issue Religious voters were seen as the key to Bush s victory and Democrats began scrambling to reach out to them Four years later however with the economy in a tailspin on election day religion barely seemed to register on people s radar screens In this book a team of well regarded scholars digs deeper to examine the role religion played in the 2008 campaign They take a long view placing the election in historical context and looking at the campaign as a whole from the primaries through all the way through election day At the heart of their analysis is data gleaned from a national survey conducted by the authors in which voters were interviewed in the spring of 2008 and then re interviewed after the election

We the Purple Marcia Ford, 2008 Ford educates and motivates the reader to have their vote and political action informed by their faith rather than by one political party or another

Christian Social Action, 1995 The Christian Voter Craig Huey, 2020-09-18 The Christian Voter 7 Non Negotiables for Voting For Not Against Your Values The politicians want Christians to vote based on feelings emotion or party loyalty The biased media mocks the idea of Christians and Politics and distort crucial news Christians should know The social media censors and presents a false antibiblical worldview Christians are one of the largest most influential voting blocks in America But many Christians vote against a candidate s policies who share a Christian worldview and for policies that destroy religious liberty and reflect a non Christian worldview Local state and national candidates reach out to Christians and often fool them with deceptive advertising media coverage and supporters The Christian Voter looks at What is a Christian Worldview Why abortion is non negotiable for every Christian The war on Christianity Why this is so important in your vote The persecuted church Why it matters in your vote Israel What God says
