Christian Science Mark Twain,2008-07-01 This last summer when I was on my way back to Vienna from the Appetite

Cure in the mountains I fell over a cliff in the twilight and broke some arms and legs and one thing or another and by good luck was found by some peasants who had lost an ass and they carried me to the nearest habitation which was one of those large low thatch roofed farm houses with apartments in the garret for the family and a cunning little porch under the deep gable decorated with boxes of bright colored flowers and cats on the ground floor a large and light sitting room separated from the milch cattle apartment by a partition and in the front yard rose stately and fine the wealth and pride of the house the manure pile That sentence is Germanic and shows that I am acquiring that sort of mastery of the art and spirit of the language which enables a man to travel all day in one sentence without changing cars There was a village a mile away and a horse doctor lived there but there was no surgeon It seemed a bad outlook mine was distinctly a surgery case Then it was remembered that a lady from Boston was summering in that village and she was a Christian Science doctor and could cure anything So she was sent for It was night by this time and she could not conveniently come but sent word that it was no matter there was no hurry she would give me absent treatment now and come in the morning meantime she begged me to make myself tranquil and comfortable and remember that there was nothing the matter with me I thought there must be some mistake
