Global Economic Prospects, June 2025 World Bank, 2025-06-10 The global economy is facing another substantial headwind emanating largely from an increase in trade tensions and heightened global policy uncertainty For emerging market and developing economies EMDEs the ability to boost job creation and reduce extreme poverty has declined Key downside risks include a further escalation of trade barriers and continued policy uncertainty These challenges are exacerbated by subdued foreign direct investment into EMDEs Global cooperation is needed to restore a more stable international trade environment and scale up support for vulnerable countries grappling with conflict debt burdens and

climate change Domestic policy action is also critical to contain inflation risks and strengthen fiscal resilience To accelerate job creation and long term growth structural reforms must focus on raising institutional quality attracting private investment and strengthening human capital and labor markets Countries in fragile and conflict situations face daunting development challenges that will require tailored domestic policy reforms and well coordinated multilateral support [Investment Risk and Uncertainty](#) Steven P. Greiner, 2013-03-14 Valuable insights on the major methods used in today's asset and risk management arena Risk management has moved to the forefront of asset management since the credit crisis However most coverage of this subject is overly complicated misunderstood and extremely hard to apply That's why Steven Greiner a financial professional with over twenty years of quantitative and modeling experience has written Investment Risk and Uncertainty With this book he skillfully reduces the complexity of risk management methodologies applied across many asset classes through practical examples of when to use what Along the way Greiner explores how particular methods can lower risk and mitigate losses He also discusses how to stress test your portfolio and remove the exposure to regular risks and those from Black Swan events More than just an explanation of specific risk issues this reliable resource provides practical off the shelf applications that will allow the intelligent investor to understand their risks their sources and how to hedge those risks Covers modern methods applied in risk management for many different asset classes Details the risk measurements of truly multi asset class portfolios while bridging the gap for managers in various disciplines from equity and fixed income investors to currency and commodity investors Examines risk management algorithms for multi asset class managers as well as risk managers addressing new compliance issues and how to meet them The theory of risk management is hardly ever spelled out in practical applications that portfolio managers pension fund advisors and consultants can make use of This book fills that void and will put you in a better position to confidently face the investment risks and uncertainties found in today's dynamic markets [The Report: Indonesia 2024](#) Oliver Cornock, Indonesia a South east Asian archipelago is on a path to significant economic growth aiming for 8% annual expansion and targeting a top five global economy by 2045 Key areas of focus include infrastructure renewable energy and economic self sufficiency Reforms across banking the digital economy tourism and industry are poised to drive progress and further elevate the country's global standing , [Alloy Forming and Stamping, Additive Manufacturing and Mechanical Behaviour of Advanced Materials](#) William C.
