don't know where to start. We're not taught in high school how to generate income only how to get a job. As adults most of us find ourselves running in the money rat race as never else would have got there and if there is a way out. Many individuals looking for income to help them live financial constraints behind. The road to financial freedom is not the road few have taken. It's funny that many people want to acquire financial freedom and that they're uninformed about the importance of creating passive income streams. This BOOK will help you but how to do that.

Passive Income Stephen Huber, 2019-11-16 If you want to break free from the 9-5 lifestyle then keep reading. Have you been stuck in your 9-5 job for years yet you have little or no savings to show after all those years? Have you been wondering if making extra income apart from your salary is possible? Do you dream of finally being able to hand in your resignation? If so then you've come to the right place. You see starting a passive income stream doesn't have to be difficult. Which means you can make money while you sleep and without having to sacrifice your health or all your free time to achieve financial goals. Inside you will find: Why you should consider having other sources of income, Benefits of having passive income, How you can build an empire using rental income, Types of passive income, Online business ideas and how you can profit from them, Why some people find it easier to create multiple streams of income than others, How you can sustain multiple streams of income, Things you should avoid when you have multiple streams of income, Tips and tricks of creating passive income and so much more. So if you want to learn more about how to start making passive income scroll up and click the add to cart button. **Passive Income Ideas** Michael Cruz, 2020-04-03 The concept of making money when you sleep has drawn a crowd to the pursuit of passive income. Theoretically you put in some time and money in the start then relax and let the money pour in when you focus on other things. This appears like a dream become a reality but it's mostly only a dream. In today's workforce relying on one income source is risky. Job protection is rarely guaranteed and a little extra cash is useful always. By using your primary income source to cover basic expenses you may use extra income streams to pay off debts, reduce your economic burden or avoid going further into debt when you are able to pay for larger purchases up front rather than with a credit card or loan. Conversely passive income is cash that continues to pay out following the initial work is done. Traditionally income that were considered passive generally included money earned from investments in shares or profit acquired by a person who had invested in accommodations property but wasn't involved in the management or day-to-day functions of that property. This book covers: Passive Income, Dropshipping, Affiliate Marketing, Blogging, Dividend Stocks, Merch By Amazon, Programs Amazon Fba, Ebook, Online Courses, Freelancing, As A Virtual Assistant AND MORE. These are great ways to make passive income still although they require a substantial investment right from the start. With the rise of the internet the potential to develop passive income is around every corner if you know where to look and you will get started with much smaller investments. Although you absolutely can drastically reduce the amount of time you may spend working throughout the full week a passive income stream won't be quite passive.
