

NEO₂ BLEND

Air/Oxygen Blender for the NICU

Save gas, time and money

The NEO₂ BLEND is a blender specifically designed for the NICU. It offers Bio-Med Devices' famous performance and economy in a unique design that simplifies operation, conserves gas and keeps the blender ready to use at a moment's notice.

Dual, Integrated Flowmeters

The Bio-Med Devices NEO₂ BLEND is an air/oxygen blender with integrated flowmeters specifically designed for use in the NICU. The 0-15 lpm flowmeter on the left can be used to connect to a resuscitation bag. The flowmeter on the right, which can be ordered in 0-15, 0-3.5 or 0-1.0 LPM, can be used to connect an infant nasal cannula.

Easy Off, Easy On

The NEO₂ BLEND's unique features let you turn the bleed required for low flows on and off merely by pushing in and rotating the right-hand flowmeter. You save time and reduce aggravation, because there are no parts to disconnect or misplace. And the device is always ready to use, because turning it back on is quick and simple with just a turn of the flowmeter. This

means you can conserve gas by turning off the bleed when either the cannula or blender is not in use.
