Environmental and Sustainability Education in Teacher Education Douglas D. Karrow, Maurice DiGiuseppe, 2020-01-01

This book was inspired by the inaugural National Roundtable on Environmental and Sustainability Education in Canadian Faculties of Education Roundtable 2016 which took place June 14-16, 2016 at Trent University in Peterborough Ontario. Roundtable 2016 brought together over seventy participants from across Canada including educators, researchers, policy makers, consultants and community organizations. Over the course of three days, participants took part in keynote addresses, research colloquia, networking socials and collaborative inquiry activities focused on Environmental Sustainability Education in Teacher Education. ESE TE Roundtable 2016 resulted in the publication of a National Action Plan containing action oriented recommendations for enhancing ESE TE and a position statement titled The Otonabee Declaration where delegates articulated their views regarding environmental degradation, the critical need for enhancing ESE TE and the role educators, children, youth, educational institutions, policy makers and Indigenous communities play in enhancing ESE TE in Canada. This volume concludes with a discussion placing current Canadian ESE TE theory and practice within an international context.
