Community Guidelines Strike Back Cast:

Lucifer Ascending Bill Ellis, 2021-05-11 Despite their centuries old history and traditions witchcraft and magic are still very much a part of modern Anglo American culture In *Lucifer Ascending* Bill Ellis looks at modern practices that are universally defined as occult from commonplace habits such as carrying a rabbit's foot for good luck or using a Ouija board to more esoteric traditions such as the use of spell books In particular Ellis shows how the occult has been a common element in youth culture for hundreds of years Using materials from little known publications and archives *Lucifer Ascending* details the true social function of individuals dabbling with the occult In his survey of what Ellis terms vernacular occultism the author is poised on a middle ground between a skeptical point of view that defines belief in witchcraft and Satan as irrational and an interpretation of witchcraft as an underground religion opposing Christianity *Lucifer Ascending* examines the occult not as an alternative to religion but rather as a means for ordinary people to participate directly in the mythic realm
