The Role of Imagination in STEM Concept Formation Marilyn Fleeer, 2022-06-20 Why has early childhood science education taken so long to become established as a field of research inquiry Why do we continue to blame early childhood and primary teachers for their lack of confidence and competence in science education This book tackles these questions and more Grounded in cultural historical theory this book explores the development of the field through the eyes of the author Over 30 years the contexts the questions and the foci of a generation of science education researchers are mapped As the field develops new concepts models of teaching and new methods and methodologies are theorised and empirically supported bringing forward uniqueness of science education for children in play based settings Uniqueness of the Concept of Witness in Lukan Writings within the Biblical Canon Ervin Budiselić, 2024-04-30 In an age of relativism tolerance and political correctness the church is called to walk in the footsteps of Christ As his witnesses we must reject all forms of coercion and violence while simultaneously refusing to shy away from the authority and conviction that come from carrying his revelation Dr Ervin Budiseli examines the concept of witnessing in the writings of Luke contextualizing it within the larger framework of Scripture s emphasis on revelation and testimony Like Judaism Christianity is a religion of revelation where specific content must be preserved passed on and proclaimed to others Dr Budiseli explores the communal nature of this calling as well as its pneumatological implications within Luke s writings Acknowledging the tendency within the Western church to emphasize moral transformation over physical he reminds readers that Jesus s kingdom ministry was accompanied by deeds as well as words He specifically engages the dangers of normalizing a gospel disconnected from the supernatural or the miraculous as partnership with the Holy Spirit was central to the calling given to the early church This book offers a prophetic message for the church today as it seeks to fulfill its calling to faithfully witness to the revelation of Christ *Industrial Arts Index* ,1927
