Changing Of The Guard It Is What It Is:

Irish Writing in the Twentieth Century David Pierce, 2000 Arranged chronologically by decade from the 1890s to the 1990s each decade is divided into two different types of writing critical documentary and imaginative writing and is accompanied by a headnote which situates it thematically and chronologically The Reader is also structured for thematic study by listing all the pieces included under a series of topic headings The wide range of material encompasses writings of well known figures in the Irish canon and neglected writers alike This will appeal to the general reader but also makes Irish Writing in the Twentieth Century ideal as a core text providing a unique focus for detailed study in a single volume BOOK JACKET

Quantum Odyssey Mindy Mitchell, 2012-10-29 This book explores ancient prophecies Earth changes concepts of the Shift of 2012 and the coming of the New Earth through the use of Quantum Healing Hypnosis to provide humanity with a metaphysical perspective of these concepts and even provide a few new ones *The Hawthorn Archive* Avery F. Gordon, 2017-10-31 The Hawthorn Archive named after the richly fabled tree has long welcomed the participants in the various Euro American social struggles against slavery racial capitalism imperialism and authoritarian forms of order The Archive is not a library or a research collection in the conventional sense but rather a disorganized and fugitive space for the development of a political consciousness of being indifferent to the deadly forms of power that characterize our society Housed by the Archive are autonomous radicals runaways abolitionists commoners and dreamers who no longer live as obedient or merely resistant subjects In this innovative genre and format bending publication Avery F Gordon the keeper of the Archive presents a selection of its documents original and compelling essays letters cultural analyses images photographs conversations friendship exchanges and collaborations with various artists Gordon creatively uses the imaginary of the Archive to explore the utopian elements found in a variety of resistive and defiant activity in the past and in the present zeroing in on Marxist critical theory and the black radical tradition Fusing critical theory with creative writing in a historical context The Hawthorn Archive represents voices from the utopian margins where fact fiction theory and image converge Reminiscent of the later fictions of Italo Calvino or Walter Benjamin's Arcades Project The Hawthorn Archive is a groundbreaking work that defies strict disciplinary methodological and aesthetic boundaries And like Ghostly Matters Haunting and the Sociological Imagination which established Gordon as one of the most influential interdisciplinary scholars of the humanities and social sciences in recent years it provides a kaleidoscopic analysis of power and effect The Hawthorn Archive's experimental format and inventive synthesis of critical theory and creative writing make way for a powerful reconception of what counts as social change and political action offering creative inspiration and critical tools to artists activists scholars across various disciplines and general readers alike

The Elijah Enigma Hillel I. Millgram, 2014-09-30 An analysis of the intertwining tales of Elijah and Ahab mercurial prophet and Machiavellian king this book is an accessible treatment of one of the most dramatic and well known episodes in the Bible In contrast to the popular image of Elijah as a

courageous wonder worker who calls down fire from heaven and ascends to heaven in a fiery chariot this book contends that the prophet was a deeply conflicted man torn between a burning idealism and a deep disillusionment over his failure to achieve his ideals Despite his profound sense of failure Elijah s struggle against the paganizing regime of King Ahab and his queen Jezebel managed to save monotheism from eclipse and in so doing alter the course of human history This work further proposes that the tale presented by the Bible is more than an account of an ancient battle between two historic figures it is a paradigm of the struggle between the ideals of human dignity and justice and the alternative of expediency in the pursuit of power a conflict that pervades human life to this very day **Philosophical Transactions of the Royal Society of**
