These proceedings represent the work of researchers participating in the 9th European Conference on Games Based Learning which is being hosted this year by Nord Trondelag University College Steinkjer Norway on the 8-9 October 2015. The Conference has become a key platform for individuals to present their research findings, display their work in progress and discuss conceptual advances in many different areas and specialties within Games Based Learning. Tortured Cardboard Philip E. Orbanes, 2019-07-23. The term tortured cardboard sums up what happens to cardboard when making a board game: bound, cut, folded, punched. And as you'll learn, great board games often reflect whatever tortures culture. Each gained immortality after a chaotic beginning and a chance survival. Why? Because be it chess, backgammon, Clue, Monopoly, Scrabble, Settlers of Catan or one of ten others featured in this book, each is replete with lessons applicable to achievement in your life. As the twenty-first century gathers momentum, our love affair with board games continues to strengthen. They involve us; they refine social skills and they teach great lessons applicable in real life. Tortuous is the journey of every great board game from birth in chaotic times through survival by mere chance to raging popularity and eventual immortality. *Tortured Cardboard* reveals how the great ones came to endure and all fun aside, how each teaches us something about our
