Career Service Advisor Job Description

Victor M. Corman

Career Service Advisor Job Description:

Strategic Directions for Career Services Within the University Setting Kelli K. Smith, 2014-12-22 Filled with strategic directions practical advice and best practices this volume delivers an overview of emerging trends for the career services profession Hot topics include a blend of research case studies and personal experiences that are intended to stimulate a productive dialogue about career services how career services professionals should be leaders in creating university wide innovative career programs and systems discussions of assessment collaboration with academic advising external relations and internationalization This is the 148th volume of this Jossey Bass higher education quarterly series An indispensable resource for vice presidents of student affairs deans of students student counselors and other student services professionals *New Directions for Student Services* offers guidelines and programs for aiding students in their total development emotional social physical and intellectual

Young People's Career Development and Wellbeing Elizabeth Knight, Belgin Okay-Somerville, 2024-10-22 This book explores how career development experiences during education are relevant for wellbeing in youth career transitions from an interdisciplinary lens using longitudinal data from different national educational contexts Seven empirical chapters culminate in a conceptual model and recommendations for careers and wellbeing oriented prevention and intervention programs to assist young people as they transition into the world of work Following a foreword by Professor Stephen Lamb the Springer International Study of City Youth series editor and introduction by the editors the book consists of empirical chapters based in six national and educational contexts focusing specifically on schooling higher education and transitions between compulsory schooling and young adulthood Each national context chapter generates insights based on a longitudinal cohort study with at least two data points concerning information on young people s career development and wellbeing The empirical chapters are followed by discussion and conclusion chapters by the editors The editors reflect on the evidence generated in this book and question what we know about the relevance of career development experiences on young people s wellbeing during education to work transitions Implications of these empirical findings on career interventions and policy making across the educational systems are discussed The contributions in this book show that career development experiences while in education matters not only for employment outcomes but also for our subjective wellbeing in early careers Key conclusions point towards a need for theoretically integrating i the sensemaking role of time ii resource based approaches to careers as well as iii the efficacy of career development experiences to overcome structural inequalities Methodologically this book shows the value of nationally representative longitudinal datasets that focus on young people s educational and labour market experiences

Private Higher Education and the Labor Market in China Yingxia Cao, 2008 *Private Higher Education and the Labor Market in China* focuses on Chinese private higher education institutions and investigates their institutional management efforts in linking private higher education to the labor market The dissertation firstly describes and analyzes how these mostly demand

absorbing institutions include elements aimed at meeting labor market demands in their mission statements and how they improve student employability and bridge graduates and employers through job oriented fields of study provision educational delivery career services as well as networking and partnerships It then examines graduate surveys on initial employment outcomes about employment status starting salary job and education match and job satisfaction while exploring the associations of these outcomes with managed institutional efforts Finally it builds a conceptual model with two dimensions that illustrates institutional variations in management efforts and initial graduate employment outcomes This dissertation concludes that many of the demand absorbing Chinese private higher education institutions have managed serious efforts in linking private higher education to the labor market and some of them are even semi elite in their job oriented institutional efforts and initial employment outcomes

Challenges and Opportunities of Open Educational Resources
