Writing, Reading, and Research Richard Veit, Christopher Gould, 2003 Writing, Reading and Research thoroughly covers analytical reading, paraphrasing, summarizing and synthesizing skills essential for developing a research paper. Each stage of the process is illustrated with examples of student and professional writing. Unlike comparable books, Writing, Reading and Research leads off with two sample student papers in the early chapters, giving students a clear idea of the final goal as they progress through each step of the research and writing process. Includes everything one needs to know in the areas of library and internet research, using both primary and secondary sources, MLA and APA styles of documentation, evaluating sources and integrating them appropriately in a paper. For anyone needing a reference geared to writing researched papers or composing documents that are derived from sources that need to be cited and documented.
