Careful Complete Guide Opinionated Speaker:

The Lost Art of the Great Speech Richard Dowis, 2000 It's not all in the delivery Here's expert guidance on how to write a dynamic speech

Word by Word Kory Stamper, 2018-03-06 We think of English as a fortress to be defended but a better analogy is to think of English as a child We love and nurture it into being and once it gains gross motor skills it starts going exactly where we don't want it to go it heads right for the goddamned electrical sockets With wit and irreverence lexicographer Kory Stamper cracks open the obsessive world of dictionary writing from the agonizing decisions about what to define and how to do it to the knotty questions of ever changing word usage Filled with fun facts for example the first documented usage of OMG was in a letter to Winston Churchill and Stamper's own stories from the linguistic front lines including how she became America's foremost regardless apologist despite loathing the word *Word by Word* is an endlessly entertaining look at the wonderful complexities and eccentricities of the English language

Literacy and Learning in the Content Areas Sharon Kane, 2025-04-23 The fifth edition of *Literacy and Learning in the Content Areas* Enhancing Knowledge in the Disciplines provides readers with the knowledge motivation tools and confidence for integrating literacy in their disciplinary classrooms Offering a literature based approach to teaching disciplinary literacy the new edition shares important ways in which teachers of courses in the disciplines can enhance student learning of subject matter and skills while also fostering their growth in the many facets of literacy Throughout each chapter Kane provides engaging and creative strategies and activities to make literacy come alive in discipline specific courses and to encourage students to explore and learn in the classroom Embedded in each chapter are examples resources and strategies to help readers actively engage with and implement literacy practices These features include Teaching in Action examples by subject area Activating Prior Knowledge activities to stimulate critical thinking to prepare readers to learn complex theoretical and conceptual material about teaching learning and literacy and end of chapter Application Activities to apply field experiences to classroom use New to the Fifth Edition Every chapter of this new edition is updated to reflect the current approaches standards and benchmarks for discipline specific literacy A new introduction with reading activities for professors to exemplify a common reading experience with their students supported by online reading materials New book talks to highlight books that show disciplinary thinking in action including literature related to art physical education economics computer science engineering food science music robotics environmental science family and consumer science and technology Expanded practical instructional strategies with new examples focused on STEAM science technology engineering art math fields and topics relating to diversity and language ESL ENL and modern language learning Updated examples and activities to emphasize students active involvement in their own learning
