

# Graduation Speech

Hello. It is an honor for me to be here tonight to bring greetings and congratulations from the school board.

As I began thinking about what I should say to you, I discovered that I could go on for hours talking about your years at (*name of school*) High School . . . about the experiences you've had which prepared you for this day and for the future. I began making notes about all the advice I should share with you and about all of the many topics I wanted to cover.

Then a friend reminded me about the fate of the famous Greek philosopher, Socrates, who lived a long, long time ago.

Socrates was very intelligent. But Socrates gave long speeches, and his friends killed him.

Since I am no Socrates . . . nor do I want to end up like Socrates . . . I will be brief and to the point.

Tonight (*number of graduates*) seniors are graduating from (*name of school*) High School. The room is packed with your friends and relatives, and every person here is proud of you . . . of your accomplishments . . . and of the goals that you have reached. If each of us were to write down a definition of a successful graduate, we would quickly discover that some of the same words and phrases would be repeated over and over again. Common themes would be – dedication, perseverance, integrity, honesty, conscientiousness, dependability and hard work.

From all of the terms used to describe graduates, the one I think should receive top billing is "winner". Each and every one of you is a winner! You have demonstrated through hard work, dependability, conscientiousness,

*The Good Country* Jon K. Lauck, 2022-11-21 At the center of American history is a hole a gap where some scholars indifference or disdain has too long stood in for the true story of the American Midwest A first ever chronicle of the Midwest s formative century *The Good Country* restores this American heartland to its central place in the nation s history Jon K Lauck the premier historian of the region puts midwestern squares center stage an unorthodox approach that leads to surprising conclusions The American Midwest in Lauck s cogent account was the most democratically advanced place in the world during the nineteenth century *The Good Country* describes a rich civic culture that prized education literature libraries and the arts developed a stable social order grounded in Victorian norms republican virtue and Christian teachings and generally put democratic ideals into practice to a greater extent than any nation to date The outbreak of the Civil War and the fight against the slaveholding South only deepened the Midwest s dedication to advancing a democratic culture and solidified its regional identity The good country was of course not the perfect country and Lauck devotes a chapter to the question of race in the Midwest finding early examples of overt racism but also discovering a steady march toward racial progress He also finds many instances of modest reforms enacted through the democratic process and designed to address particular social problems as well as significant advances for women who were active in civic affairs and took advantage of

the Midwest's openness to women in higher education Lauck reaches his conclusions through a measured analysis that weighs historical achievements and injustices rejects the acrimonious tones of the culture wars and seeks a new historical discourse grounded in fair readings of the American past In a trying time of contested politics and culture his book locates a middle ground fittingly in the center of the country *Christian Register and Boston Observer* ,1924 **Replies [afterw.]**
