ways First the counseling pastor who wishes to use this book for his entire pre marital counseling model may be assured he is preparing well the couple for marriage home and family Every area of the pre marital counseling program is addressed in tests and assignments that are easy to follow practical and pointedly biblical Found in their entirety in Chapter 14 these same tests are also repeated section by section in the appropriate counseling sessions For the counseling pastor these tests are both uncomplicated and yet sufficiently thorough to aid in the counseling process Creative and specific biblical counseling will be the outflow of these assignments for the counselor using this handbook as his model The second way this handbook may be used is to view the material as being supplemental For those counseling pastors who already have their counseling models being used this book contains information testing and assignments that may be added to counseling programs already in place A wide margin is used throughout the handbook This provides ample opportunity for the counseling pastor to add his own notes scripture references and illustrations Additional resources make this handbook particularly useful Three brand new wedding ceremonies are included in Chapter 7 and many suggestions for making the ceremony truly unique are offered in Chapter 8 Additional counseling aids and worksheets are made available in Chapter 13 Whether you are beginning your counseling ministry or even if you have been preparing couples for many years it is my prayer that this handbook will be helpful to you as a counseling pastor as well as beneficial to couples who are ready to begin their journey of a life time Michael J Peck D Min Counsel for Couples Jonathan D.
