Hearing Our Prayers Juliette J. Day, 2024-05-10 2025 Catholic Media Association Third Place Award Liturgy or Worship How do we hear our prayers In the words of philosopher Gemma Corradi Fiumara there can be no saying without hearing no speaking which is not an integral part of listening no speech which is not somehow received Therefore hearing should be considered an essential aspect of participation in Christian worship However although almost all studies of Christian worship attend to the words spoken and sung almost none consider how worshippers hear in the liturgical event In Hearing Our Prayers Juliette Day draws upon insights from liturgical studies philosophy psychology acoustical science and architectural studies to investigate how acts of audition occur in Christian worship The book discusses the different listening strategies worshippers use for speech chant and music as well as for silence and noise why paying attention in church can be so difficult and how what we hear is affected by the buildings in which worship takes place Day concludes by identifying liturgical listening as a particular type of ritual participation and emphasizes that liturgical listening is foundational for the way in which we pray and think about God the church and the world

Lively Oracles of God, 2022-03-17 This book reexamines what we often take for granted how Scripture is presented to worshipers how it is heard especially by those with little experience of the life of the church Scripture's role in mediating the great narratives of incarnation and redemption at the high points of the year where Scripture meets people in ritual transition how the Bible itself provides the language of much public prayer Contributors also consider how the relationship between Scripture and liturgy is tested by new priorities the climate crisis the inclusion and protection of children the recognition and honoring of those who find themselves on the margins of the

church and the significance of gender and identity in all areas of the church's life. This book does not offer definitive statements. It is an invitation to a wide audience to engage in new conversations with their practice of worship. Contributors include John Baldovin SJ, Normand Bonneau OMI, Stephen Burns, Cally Hammond, Christopher Irvine, David Kennedy, Lizette Larson Miller, Ann Loades CBE, Anne McGowan, Thomas O'Loughlin, Catherine Reid, Armand Lon van Ommen. *The Everyday Catholic's Guide to the Liturgy of the Hours*, Daria Sockey, 2013-02-22. You don't live in a cloister or a monastery but you take your prayer life seriously and want to explore ways to pray regularly and better. The Liturgy of the Hours is one of those ways but for those of us who find it a little intimidating, Daria Sockey provides a solid overview to this ancient prayer practice. The *Everyday Catholic's Guide to the Liturgy of the Hours* will answer questions like: What is the history of the Liturgy of the Hours? How can the Liturgy of the Hours fit into a busy schedule? Why is the Liturgy of the Hours relevant today? Print or online resources? Which is better? There is a rhythm of prayer not just throughout the day but throughout the year. Sockey explores the spiritual riches of the seasons, the saints, and special feast days which add depth and variety to prayer. She also addresses the practice of praying the Scriptures, especially the psalms, and helps the reader to appreciate the universal beauty of these ancient prayers. Don't let concerns about what page you are supposed to be on scare you away. Sockey will be your guide to answer common questions and overcome common fears. Your prayer life will never be the same.

Faith-Based ACT for Christian Clients, Joshua J. Knabb, 2022-07-12. Faith-Based ACT for Christian Clients balances empirical evidence with theology to give mental health professionals a deep understanding of both the why and how of acceptance and commitment therapy (ACT) for Christians. The new edition includes updated discussions in each chapter, more than 20 new and updated exercises, and new chapters on couples and trauma. The book includes a detailed exploration of the overlap between ACT and the Christian faith, case studies, and techniques that are explicitly designed to be accessible to both non-Christian and Christian, including evangelical Christian counselors and therapists. Chapters also present the established research on Buddhist-influenced mindfulness meditation and newer research on Christian-derived meditative and contemplative practices and lay a firm theological foundation through the use of engaging biblical stories and metaphors.

T&T Clark Handbook of Christian Prayer, 2021-12-16. The essays collected in this volume provide a resource for thinking theologically about the practice of Christian prayer. In the first of four parts, the volume begins by reaching back to the biblical foundations of prayer. Then each of the chapters in the second part investigates a classical Christian doctrine, including God, creation, Christology, pneumatology, providence, and eschatology, from the perspective of prayer. The chapters in the third part explore the writings of some of the great theorists of prayer in the history of the Christian tradition. The final part gathers a set of creative and critical conversations on prayer responding to a variety of contemporary issues. Overall, the T&T Clark Handbook of Christian Prayer articulates a theologically expansive account of prayer, one that is deeply biblical, energetically doctrinal, historically rooted, and relevant to a whole host of critical questions and concerns facing the world.
