## **Christology A Look At Practical Christianity:**

**Ecumenical Perspectives on the Filioque for the 21st Century** Myk Habets, 2014-06-19 The volume presents a range of theological standpoints regarding the filioque With some contributors arguing for its retention and others for its removal still others contest that its presence or otherwise in the Creed is not what is of central concern but rather that how it should be understood is of ultimate importance What contributors share is a commitment to interrogating and developing the central theological issues at stake in a consideration of the filioque thus advancing ecumenical theology and inter communal dialogue without diluting the discussion Contributors span the Christian traditions Roman Catholic Protestant Eastern Orthodox and Pentecostal Each of these traditions has its own set of theological assumptions methods and politics many of which are on display in the essays which follow Nonetheless it is only when we bring the wealth of learning and commitments from our own theological traditions to ecumenical dialogue that true progress can be made It is in this spirit that the present essays have been conceived and are now presented in this form

**The Christ who Embraces** Jacob Joseph, 2024-10-28

Jacob Joseph's book *The Christ who Embraces An Orthodox Theology of Margins* explores the intersection of Orthodox Christian mission and caste dynamics among St Thomas Syrian Orthodox Christians in India It defines a liturgical touch or embrace in the context of untouchability where people identify as equal without discrimination reflecting the inseparable unity of Christ's transcendental divine and immanent human nature

Christology George Sr. Young, 2014-12-16 The struggle that we face is really who we are trying to become When we think of the church are we thinking of an institution that serves the needs of the members or should we be placing our faith at risk by making ourselves vulnerable to the needs of others We are trapped in this dilemma of producing individuals who are conversant in the language of religion but not comfortable with the work of religion We speak of this journey as religion and that gives us a sense of satisfaction One of the songs that I cut my religious teeth into had these words in it So glad I got good religion Our joy in church is oftentimes rescued by the fact that we come to church and participate in the process of church Nothing really changes and so we revert to the one thing that no one can take from us we got good religion

**Luther on the Christian Life** Carl R. Trueman, 2015-02-28 Martin Luther's historical significance can hardly be overstated Known as the father of the Protestant Reformation no single figure has had a greater impact on Western Christianity except perhaps Augustine In *Luther on the Christian Life* historian Carl Trueman introduces readers to the lively Reformer taking them on a tour of his historical context theological system and approach to the Christian life Whether exploring Luther's theology of protest ever present sense of humor or misunderstood view of sanctification this addition to Crossway's *Theologians on the Christian Life* series highlights the ways in which Luther's eventful life shaped his

understanding of what it means to be a Christian Ultimately this book will help modern readers go deeper in their spiritual walk by learning from one of the great teachers of the faith Part of the Theologians on the Christian Life series

*Encyclopaedia of Religion and Ethics* James Hastings, John Alexander Selbie, Louis Herbert Gray, 1928      **The Jewish Antecedents of the Christian Sacraments** Frank Stanton Burns Gavin, 1928      Kierkegaard's Christocentric Theology Tim Rose, 2001 Kierkegaard was both a brilliant writer and perceptive theologian Introducing a literary approach to Kierkegaard's theological writings this book explores literary perspectives frequently overlooked by theological studies and theological and philosophical underpinnings and interpretations which have been allowed only a cursory glance in literary studies on Kierkegaard Tim Rose's combined insights from literary theory and philosophy open up the riches of Kierkegaard's theology to the full Exploring a wide range of Kierkegaard's writings and his contribution to three key areas theology of revelation Christology and the rationality of religious faith this book offers a new perspective on key themes in Kierkegaard's religious thought pointing to Christian theology as an enterprise of faith seeking understanding as the believer through grace struggles to understand the difficulties of personal revelation that runs counter to the world's expectations      *The Birth and Infancy of Jesus Christ According to the Gospel Narratives* Louis Matthews Sweet, 1906      **The Promise and Practice of Biblical Theology** John Henry Paul Reumann, 1991      **Kierkegaard's Late Writings** Niels Jørgen Cappelørn, Hermann Deuser, K. Brian Söderquist, 2010 Kierkegaard Studies Yearbook 2010 is comprised primarily of articles by senior Kierkegaard scholars who have been asked to reflect retrospectively on why they became involved with the works of Søren Kierkegaard and to describe the results of the relationship The volume thus contains scholarly essays with a personal point of departure authored by historians philosophers theologians and literary scholars In addition Yearbook 2010 includes a series of guest lectures by international scholars Articles are written in English and German      **The True Human Being** Maria Louise Odgaard Møller, 2019-06-17 The aim of Odgaard Møller's book is threefold The first main section seeks to clarify how and why Jesus is presented in the pre 1968 writings of the Danish theologian and philosopher K E Løgstrup 1905 1981 Throughout his work Løgstrup's main focus has been a rehabilitation of the insight that life is something definite because it is created Here Jesus primarily plays a methodological strategic role as the one confirming and giving witness to Løgstrup's interpretation of created life in a given time of his authorship When faith in creation is formulated polemically against another interpretation of life Jesus serves as Løgstrup's ally in this discussion In the second main section this examination is extrapolated to include a discussion with Bultmann and two of his students in order to clarify the character of his Christology not least whether or in what way this can be characterised as implicit Christology Finally in the light of Ricoeur's hermeneutic philosophy of religion the third main section considers the systematic theological validity of this picture of Jesus The overall conclusion can be summed up in this way The main line in Løgstrup's work goes from created life to the human being Jesus of Nazareth Jesus incarnates created life therefore he is the true human being This close connection between created Life and true Human

Being is the kernel in Løgstrup's thought. This makes his perception of Jesus and his Christology distinctive, original and specifically Løgstrupian.
