**Suffer the Children** Gary Scott Smith, Jane Marie Smith, 2017-01-31 We all say that we care about children We all know that millions of children around the world including in the United States are suffering physically materially and emotionally and are unable to reach their full potential Moreover their material deprivation and physical ills often prevent them from responding to the gospel Most of us conclude that we cannot do anything significant to help the impoverished children living in our own backyards let alone those living in the slums of Nairobi or the hinterlands of Haiti We can however do much to improve their lives materially and spiritually Through praying giving generously sponsoring children volunteering with aid organizations living more simply investing and shopping more prudently and advocating more zealously in the political arena we can make a difference We can prod politicians business executives and church leaders to prioritize aiding destitute children We can support one of the hundreds of organizations that are working effectively to help indigent children have better lives **Suffer the Children** describes the plight of poor children and provides many practical ways we can participate in one of the most important crusades to improve our world      **Why Does Everything Have to Be About Race?** Keith

Boykin, 2024-01-23 Fight back against misinformation and ignorance as New York Times bestselling author Keith Boykin debunks 25 of the most common claims used to refute America's racist past and present The most toxic racial arguments share one of five traits They try to erase Black history prioritize white victimhood deny Black oppression promote myths of Black inferiority or rebrand racism as something else entirely They're all designed to distract society from racial justice but now we have the tools to debunk them With a mixture of personal experience reportage and extensive research Keith Boykin takes a wrecking ball to twenty-five of the most widespread deceptions about race such as The Civil War was about states rights not slavery Affirmative action is reverse discrimination Critical Race Theory is indoctrinating children to hate one another and shows us how to refute lies myths and misinformation with history knowledge and truth      **Manufactured Crisis**

James Simpson, 2024-09-24 Few could have imagined ten years ago where we'd be in America today We are confronted on all sides by interminable crises that threaten the very fabric of our nation from a border flooded with millions of migrants from all over the world to a fentanyl crisis killing more American youths every year than the past three wars combined Radical transgender activism and other cultural insanity has pushed more youths to commit suicide than at any other time in history It seems as though the world is rapidly coming unglued But it is actually a diabolical plan that has been operating for over a hundred years and is now showing its face This book describes this plan in excruciating detail and shows us a path out if we're willing to take it      *Title 7 Agriculture Parts 210-299 (Revised as of January 1, 2014)* Office of The Federal Register,
